Called at Mint to day for Medal but was disappointed, it not being ready; the gentleman having charge unable to get a planchet — promises it shortly & will send us down as we get it.

We sold the 1852 to some time since and at present have not one nor the other coins asked for, in as fine condition as we believe you wish them.

1810 Cent, you will find one of the most difficult to procure in uncirculated condition and but very few possess it, even in many of the best cabinets.

Please advise us by return mail your decision in regard to the above.

L. G. Parmelee Esq.

Dear Sir,

By a careless error of Mr. Lowe in the two dates in his catalogue, we missed the first days sale and consequently the copper shillings. We had read the title page and fixed the days of sale as the 4th & 5th as thereon stated, and therefore we did not take up the catalogue until the afternoon of the 3rd, our thoughts also being much occupied with the death of our dear friend on the previous day, and upon looking at it we saw the dates on the cover to be the 3rd & 4th, and without looking at the title at once communicated with New York and were informed that the sale began that day the 3rd. We intended to have been at the sale of the first day but the second was of no account, and did not go over.

We wrote to Bolo to tell us what the shillings in copper and the prices bought and to try to procure them for us. They wrote that Parsons had bought them in, the former for $10 and that he asked $20 & would not take less, so if we had been there we could not probably have bought it for $30 as he would have bid it over that till Reef ran his eyes open and if we get a chance at it reasonable prices will write to you. Yours sincerely,

Gen. L. F. Gunther.

Dear Sir,

We send herewith an approval and selection some very fine medals at very low prices chiefly at what would be the cost of striking them. Nearly all are very scarce and some we have not seen.

We should be glad to have you consider the sets of which we send specimens in the last number. They are very beautiful.

A collection of modern medals certainly receive the merit for the money of all numismatic collections, not merely in size but in artistic and historical value as modern coins have very little of such attributes.

Very Respectfully
S. H. & H. Chapman

Richard B. Winsor Esq

Dear Sir

Your favor of 14th inclosing cash $24.75 coins returned 193.25 received and for which please accept our thanks.

As regards the price of 1804 cent we considered it reasonable in price @ 6, have seen specimen not so beautiful sell at sales for more money, sold one ourselves some years since for $25. it was perhaps more bright red but for perfection of impression we think did not surpass the specimen. You misunderstood our letter in regard to the reference to Bushnells Naked Bust Washington Cent, we stated that we had sold it for $50. each, which we did shortly after the sale where we secured a great bargain @ 60; just at the moment the hammer was coming down no one seemed to be paying attention and did not notice what was being sold & we should not have got it so low. The specimen we sent you is we believe one of if not the finest known far surpassing Bushnells or Crosby the latter sold for $146. after bidding at the auction sale of his collection 1865.

We consider the piece worth the money and in fact cheap. It is the identical specimen from the Coll. of McClay sold in 1871 for $225. It is not only one of the rarest but most beautiful of all coins relating to the U.S.

We think you will not regret it if you should purchase the Naked Bust and our satisfaction would be that you would feel at ease as to the condition, which is perfection without a mar. $125 is our lowest price

Very Respectfully

Wm H. Cotton. Esq.

Mr. C. F. Gunther,

Dear Sir,

We have just received a very fine Jewish shekel of Simon Maccabaeus during whose reign the only Hebrew silver coins were struck, excepting a few during the revolt A.D. 67. It is the coin which interests everyone.

Simon Maccabeus High Priest and Prince of the Jews reigned from B.C. 143 to 135. Shekel. A chalice or cup of manna; in old Hebrew שקל ישראל "Shekel of Israel" above the cup ש נת ג for שנת ג, Shenath Shelosh, "Year 3. Reverse, Triple lily or Aaron's rod; ירושלם תהדושה Jerushalaim ha-Kedoshah; "Jerusalem the Holy". "Year 3" equals B.C. 141 & 140.

Very fine. Very rare

Price £40.—

We send it herewith on approval and the following,—

Medal of John Wesley. Half length to l. R. View of Hall, London. Silver. Proof. Rare. 1839. 8.—

Medal. Baron de Stassart. Governor of Brabant, Senator, Gr. Master of Belgium &c. Splendid portrait bust to l. by Hart. R. Three wreaths. Gilt copper proof. 2.—

Dear Sir.

Your statement from 21st with the following credits we enter Cash 705.37 Bill 150.76 Discount 14.23 } = 870.36 balancing a/c to date.
There is 13½ p.c. your credit to 25th ult. 96 rolls and 6 cwt a/c we send it herewith

The party who has 2 p. Cent keeps us waiting for an answer to a bargain he has in view and tells us yesterday that it would be week job before he could let us have them provided the transaction did not go through.

Of the Coins you want we have at present but few, however we made up for each age amounting to £13.2.7 which we sent by express yesterday. Stamps 1/4 off. The '96 Half is a very fine piece and cheap, we hope you will find it sale.

In regard to your opinion about the prices and the way we count them (see letter 96) we would say that we mark the prices but by what in our judgement they are worth irrespective of their work, but that others may think differently is of course quite natural - and in fact this is the basis of trade for without it there would not be any business. In making out the Catalogue we have endeavoured to be as reasonable as possible and the large sale of last Catalogue seems to prove that our prices are satisfactory to our customers. If there is any thing you want from time to time, write and we will send what we can.

You did not state to us the condition you desired the Coins we are to send you from June next also

Please inform us in about 10 days what prices you retain of the Accounts that you will not return the balance

Dear Sir,

We have hunted up the rest of the succession of the late C. C. Wright - they are F. B. Smith & Horace Taylor of New York City. C. C. Wright died in 1854 and we believe his widow is still living - however we could procure it for you with a little

Have you duplicate coins or extreme pieces you would dispose of?

We will be pleased to furnish any information in our power concerning Mr Wright or any of his productions.

Very Respectfully

Dear Sir.

Your letter of 25th rec'd today.

We have today from the gentleman to whom we had sent the Confederate notes, he makes the following propositions — to take the set of Confed notes at price we sent them to him at viz 50 the M and some coin we got from the U.S. provided we would give him until April 15th to pay for them. He is good and we would advise you to accept it, for it is we believe better than they would realize at a sale and the money could not be gotten out any sooner; also that it is hard work to sell Confeds at present. We have taken pains to sell them, going to see several collectors but to no purpose unless to take out a note or two & then at less than they were worth. Our commission would be 2½ on the 50 making them nett you 45. which we hope would be satisfactory.

We hope to be able to send you the balance are in a few days. Send the Confed medal by express or registered & then post securely wrapped. It will bring about 3 to 5 dollars.

Reply by return mail as early as you can

C. B. Ketchum Esq

Dear Sir.

Your letter of 3d received.

You do not give us enough information in regard to the coins for us to be able to judge just what they are worth.

Are the sets of gold, proof sets? If so, they are valuable, if not only the $20 of 1850 and the dollars of 1859 which premium. You state you have silver set for "1781" 1859 which we suppose is an error and should be 1881 If so are they proof sets or if not then in what condition? What condition of preservation are the cents and pieces in and of what dates? Do not under any circumstance attempt to clean a coin as it injures them.

We are the largest dealers in the U.S. in fine and rare pieces and are willing to buy paying cash and highest prices or if you prefer we will catalogue and sell at auction, in which way do you have had a large experience and can refer to many gentlemen who have sold through us in this way. We sold the coll. of Chas. I. Bushnell in 1882 for $13,950. the largest sale ever held in America. sold the coll of Thos. Wainwright last season for $7500.

Please reply to the enclosed questions and we will then be able to give you the desired information and inform you of the best way to proceed.

Awaiting your reply we remain

Mr. Robert Hobart Smith,

Dear Sir,

Your letter of the 26th of Febuary enclosing check for $8.75 in payment of the two tetradrachms of Syracuse, and the impressions was duly received, as was also your letter of the 27th, for which we are obliged.

Upon closer examination we think the premises taken by you in regard to the artist of the fine Art tetradrachm are correct, and are fully so by your comparison with the electrotype of that by Evainetos in the B.M.

We are always interested in such matter and thank you for discovering them.

When we meet with specimens of the transitional or fine period of Art we will send them on approval to you.

Yours respectfully

S. H & H. Chapman

P.S. We sold that piece since its return.

Dear Sir.

Your letter of the 10th received.

Two distinct collections cannot be consolidated on account of their duplicating each other but we have a very large and fine stock and are able to place in a collection varieties and fine pieces where it may be deficient thus improving its character and making it attract more attention consequently bringing better prices. We are the only regular dealers who carry a large stock and are able to do this.

Our regular commission is 25% of the gross proceeds we pay ing all expenses such as auctioneers fee, printing (both heavy items) advertising, postage, stationery, etc etc and as we do superior work we give better and more detailed descriptions than are usual we consequently get better prices and larger returns for the coins sold. After all expenses are paid the commission leaves us very little for our time, knowledge and giving our customers the seller.

How we sales we manage the sale we are willing to bid and buy it and consequently make the buyers pay good prices.

We have catalogued and sold the largest sale ever held in America - Bushnell's $13.950. - and Warners $7.500. and many other all to the satisfaction of our patrons and we have no doubt we can do the same for you.

If it was really necessary we would go to Middletown to see you and examine the collection, but if you wish one of us to go to M. please advise us by return mail as we may go to New-York on next Monday and could then go to M.

Our sales usually bring 25 to 50% more than other persons for the same coins, and we do not spare expense or our labor to make them successful. You no doubt have specimens of our work as Mr Bidwell was a subscriber to our large catalogues "Bushnell and Warner" which he pronounced "the finest ever issued" and the catalogues of other sales we sent gratis, as we would with catalogue of your collection

The minerals we might put in the sale or sell at private sale as think you had better and then as for inspection.

No time should be lost so as to sell the collection this Spring and we could begin cataloguing at once on receipt

Hoping this will prove satisfactory, we remain Yours Very Respectfully

Mr. Adolph E. Cahn,

Dear Sir,

A few days ago Mr. Thomas J. Mickley handed to me a catalogue from you, which you have sent to his Father's address. He desires me to inform you that his Father, Joseph J. Mickley died in 1878, and that none of the family are interested in Numismatic pursuits, and it is therefore useless to continue to forward catalogues.

We notice in your catalogue for February, No 249, Olivia Cromwell, 1657 Shilling Siege. at M. 30, which we wish you to send to us by registered letter, between two pieces of pasteboard, and have this day purchased a Money Order (Postal) for 30 cents, which will be forwarded to you, by the postal authorities and should arrive within a few days after this letter.

We should be pleased to receive catalogues from you in the future; and if you hold auction sales, if possible send catalogues at least 30 days before sale.

Yours respectfully

L. G. Saunders, Esq

Dear Sir,

Your letter in reference to your claim against J.M. Hamilton Jr $600 & $100 was duly received and S.H.C. gave the matter attention as he has written a letter to J.M.H. clerk & have an interview and will then try to see J.M.H. himself. We don't know whether he can be seen or not.

Mr. Hamilton has at last failed, as you are aware judged beyond all hope of recovery. We estimate his liabilities as far as we hear at $10,000, assets $200 fixtures and odds & ends of curiosities, no coin, without enough owing to cover that.

There is but one chance for you. It is for us to find whether your pieces have been sold and if not locate them and replevin. We have some private information of Dr. Mairs lottery $350 worth coins from the clerk without a sale and if quiet we among them, might get by replevin these out of Mr Hamilton's hands.

We will do our best to recover.

Yours sincerely

L. G. Pamelee, Esq.

Dear Sir,

We have, to-day, learned that W. J. W. Haseltine has sold all the fine or rare pieces which you left with him on sale. This disposal has not taken place recently. There may be a few of the more undesirable specimens in his possession, as we hear that after the seizure some articles belonging to other owners were separated from his stock, and among them a few pieces of yours.

Mr. Haseltine leave nothing for his creditors, and has drawn on all his resources; a state of affairs of which we were fully aware years ago; but of which we moved not anyone yet, if others have before attempted to settle matters.

It is rumored that he is out of the way of arrest.

We will see if we can get any information of his whereabouts. The only chance for obtaining payment would be by arresting for fraud of conversion, and perhaps some of his relatives might come forward, but we are of the opinion that their interest is already exhausted.

We consider that all claims against him are a total loss to their holders. Entrusted in [illegible] to [illegible] firm's [illegible].

Yours sincerely, S. W. C.

The 1794 dollar and all the fine remainders from the Crosby sale have been sold.

Mr. John Rourke.

Dear Sir,

A half dollar of 1836 of the second type, by Gobrecht, distinguishable from the first by having the edge milled or reeded, not lettered on edge, is worth $1 to $2 according to condition. The old 1/2 type of the year is very common and not worth a premium.

The 1867 5¢ with rays between the stars is common and not worth a premium unless in brilliant proof condition in which it only exists in the hands of collectors, and you are not therefore likely to find it in this state.

Yours respectfully

S. H. & H. Chapman

P.S. We would commend you enclosing the 3¢, as ours was received only 2 and even to think we are pleased to receive any letters, envelopes, not to speak of Time; which amount to hundreds of cents when we get hundreds of circulars [illegible]

L. C. Parmelee Esq.

Dear Sir.

I arrived home last evening after a pleasant and successful trip.

Enclosed please find our check for $3360 being in full payment for the coins I purchased of you.

Later our Mr Hamilton, at the start to day, there is no hope for your being paid so far as we can see except by your coming on personally and making arrest for trover and conversion or larceny as bailee; we learned this to day of one party getting his claim satisfied in this way - his relatives having made it good.

Mrs Chapman desires me to extend an invitation to you to stay at our house while in the City and we will be glad to see you at any time.

If you come you might put that lot of cheap cents in your trunk and we will see if we can use them, none later than 1814 unless it be some 1821, 1823 or 1854. You might also bring any pieces you think will sell in our sale.

Of course all our correspondence in this matter must be kept strictly confidential.

Yours very respectfully

L. & H. Chapman

Mrs J.E. Bidwell

Dear Madame.

We have the coins and minerals opened and laid out and find them all safely and in perfect order.

Have gone over the coins once and find some about 18 pieces of gold, a number of dollars (about 15) and some current foreign silver coins which will not pay you to put in the sale so we would advise them being sold to the best advantage possible to either the Mint, a broker or refiner from each of whom we could get an offer and sell to the highest - sending you a list of the coins and their offer before so doing. There is we think some $100 worth of such pieces and we would immediately send check as soon as sold. Will not make any charge for this service.

Will work on the collection as fast as possible

Have two gentlemen considering the minerals.

Please remember me to your son and I desire to thank him for his many kind attentions and for help[illegible] to ask.

Half cent we have just bought from a collector and are a fair superior lot to those we wrote you about, at first we had thought of dividing them in several lots ranging from 5 down to 5 cent then thought it better to let you do the dividing and make a bargain on the lot as send the large lot @ $5 per 100 pcs nett. just remember we remarked the bill which you might wish to change. You can make a good thing by breaking up the lot and selling

Please read.

Cannot get a proof every week, none in stock just at present. Will send as often as we get them.

The N.E.6d. is false, being a struck impression from some modern die. Returned herewith.

The 1804 is genuine and the finest of the 6 known, have lately returned home from a trip to see the ones in Appletons & Parmelee collections. it will probably bring from $800 to $1000 on a restrike we believe changed hands lately at $2000

Just bought a coll. some fine things in. What can we can we do for you?

Remaining yours truly,

Henry F. Smith. Esq

Dear Sir

Your favor of 3rd received.

We will purchase your collection outright or catalogue them and sell at auction on your account. We will make you a fair offer for them and in either way have no doubt it would prove satisfactory. The Collection of Mr J.E. Bidwell (late of Middletown, Conn. has just been placed in our hands to catalogue for a sale by auction.

We cannot make any further advance [illegible] until we have seen the collection; ship it to us by express and we will examine and report. Do not make any attempt to clean or rub up any of the coins as it damages them.

We have handled and sold some of the largest and finest collections ever sold in America - viz. Bushell 13.000. (1862) Warner (1864) 7.500.

Awaiting your reply, we remain

Yours very respectfully

Dear Sir.

Your letter of March 13th received and would have been answered sooner but for your stating you would be away

The notes are in the possession of Adams & Co at Cleveland subject to your order and we request you to call, get them and remit us promptly.

It would indeed be very unsatisfactory if you did not keep your word as we bought them from Mr Palmer for you in all good faith appointing you to have upon receipt of your offer with the reply that we thought it would be satisfactory and on his Palmers reply immediately wrote you of the acceptance of your offer. It is not the profit to us for there is none but the principle and honor in the transaction. How could business be done carried on if offers were to be cancelled as soon as accepted and the other party put to loss & inconvenience.

Awaiting your reply, we remain

Very Respectfully

Matthew A. Stickney, Esq.

Dear Sir,

Mr. Henry Chapman Jr duly received your note in Boston, and we are sorry to hear of your poor health and sincerely hope it may soon improve.

We secured a rarity in a sale in Europe during October last, about which it may be interesting to you to hear. It proved to be a genuine 1804 dollar. We have compared it with the original in the Mint and it is identically the same, from the same dies in the same state. We examined Messrs Appletons and Parmelee and the four are precisely alike. We have read, with interest, your letter in the Journal for August 1867, but if you could give us any information in reference to the existence of the two ~~not~~ specimens previous to 1843 which you may have been informed by the Mint officials or otherwise, we should be obliged.

We are cataloguing this one for a sale at auction and will send for your acceptance a copy of the plate catalogue with your permission will allude to the specimen in your

Yours sincerely

Dear Sir,

I am pleased to hear from you and to learn that you are well. I am also well and enjoying my work here. I have been very busy with my studies and have not had much time for writing letters. However, I wanted to take a few moments to write to you and tell you about my life here.

I have been attending lectures in the morning and spending my afternoons in the laboratory. I am learning a great deal about chemistry and physics, and I find it very interesting. I have also been reading a lot of books in the library, which is a very quiet and peaceful place to study.

I have been exploring the city on my days off, and I have visited many of the museums and galleries. I have also been to the theater and the opera, which I enjoyed very much. I have been trying to learn some of the local customs and traditions, and I have been making some progress.

I have been keeping a journal of my experiences, and I plan to continue doing so. I think it will be a valuable record of my time here.

Please write soon and let me know how you are doing. I look forward to hearing from you.

Yours sincerely,

Dear Sir

Your letter of 15th received.
The 1797½ dollar is cheap at the price, is for 1797 a very excellent specimen and good strong even impression. 1797 ½'s do not as a rule come as well struck as do 1796, and this one we think would make a good companion piece for the '96 we sold you. We bought it as low as possible using our best judgement and then the next bidder was $53. If it had been as described it would have brought from $70 to $90. and $65. would not have got it.

If you are dissatisfied please return it.
We exercised our best judgment and hope it will prove satisfactory

A. D. Palmer Esq.

Dear Sir.

It is with much regret and mortification that we have to inform you that the party to whom we sold the coll. of Confederate bills refuses to take them and is returning by Express., he says he finds he can buy cheaper, and we took him on thought he should take them by all reasons that are fair but he does not care and writes he will not take the lot.

Our 10th dollar sale will take place next month but we have not room to include them in it, in fact had to leave out quite a number of lots as we had too many. We are going to sell the collection of J. K. E. Redwood and could put them in it if you wish - sale is about latter part of May.

We are very sorry about this affair but it is no fault and we have used our endeavor to make him keep his word, but all is no avail.

Would you like one of the 4 plate catalogues, it will be fine and valuable.

Very Respectfully

Dear Sir.

Your letter (about Denver gold) of 3d duly rec'd and would have been answered ere but we were waiting to get the piece.

We to-day succeeded in purchasing the piece and send it herewith viz

No. Clark Gruber & Co. 20 pcs Pat. Uncirculated. Richard Varnum.

We consider it worth more than the $30. and would ask you to send us all you can for it, it is a beautiful specimen and we doubt very difficult to duplicate. We obtained it from a gentleman who bought it at Clark Gruber & Co.'s where it was kept it ever since - 25 pcs @ 1½ would make it cost him to-day Gold $50. We showed him your rubbing & he will be remembered all about it's Denver City Assay Office and the proprietor was to bought an Englishman and just as he was about to strike off his coins in gold dust & his heavy machinery he abandoned the undertaking after striking off a few specimens in copper, he afterwards sold his machinery to C. This report will be published in pamphlet form and can be obtained from any member of Congress. We have written to Mr. Taylor to that effect and hope to hear from him soon.

We wish you to be satisfied and will credit you with
1/2 Commission 2.50

We are quite right in our statement that 1797 1/2 dollars
are not so thoroughly struck as 1796 is and we might
also add that they are the scarcest of the two years.
Would have acknowledged sooner but have been busily
getting out the Chapman Collection Sale catalogue
plates ready in a few days when we will send you
one and a price list of the sale prices for both N.Y. The
sale contains a great many desirable and rare coins and
we will be pleased to have you send us a large list of bids.

Dear Sir,

Your favor of 21st enclosing check for 267 received and for which we are obliged.

If you will refer to our bill of 9th you will notice that the price the other Washington bought was $7.50 and we think the one we got was as fine if not finer, it was only $6.

Mr Davis has almost entirely recovered from his illness but something has set unfavorable with us, if he does we will do our best for her: is she a calf-skin? and as you think she would like a set shoes of same color? We also sent you a few days since a sample of the Chapman & Hamilton Sole Leather which we will be very glad to receive your bills and hope you will send a large lot, which you can rely upon our best fully executed.

Send a pair by express today, charges prepaid, it is a fine fit and there may be some to suit you among them.

What do you want to do in Phila?

Messrs Sotheby, Wilkinson & Hodge,

Gentlemen,

One or both members of our firm expect to be in Europe from the 26th of June to the 15th of September and we write to ask you to kindly inform us by return mail what sales of coins and medals & autographs you will hold during the above mentioned period, as we desire to attend them. If not too much trouble please mention the character of each collection.

Up to 1875 we have quite a full series of your catalogues, but since then we have not opened them being forwarded as the time between their issuance and the sale is usually too short to send bids unless by cable.

But we will now ask to you to send them in the future. Could you send advance copies 23 days before the sale? The shortest time to reply by mail would be about 20 days. In case we should telegraph we would ask you to Messrs Ch. Lincoln & Son, and Wm Webster, London, and James Verity, Darlington.

After the 1st of June please send me copy of each catalogue, to Care Robert Chapman, Esq, 10 Temple Lane, Dame

C-1

Street, Dublin, Ireland; where we will be before going to London.

Enclosed please find P.O. order for 10ch. to pay postage.

Please send a priced and named catalogue of the Whitall Collection and there is a few lots sales of Ancient, English & Foreign coins within the last two years and we will remit the cost. If you can not supply them kindly turn the order over to anyone who will.

In a sale held in your house the 11th of August 1879 was sold, thro Chas. Steele, a copy of the Numismatic Chronicle, Lot 353.

Hoping this will lead to our mutual advantage,

Dear Sir,

Your favor of 25th with bids for Shucked #14-18 size No 105 you will likely get, but on the others we fear your bids will not secure them and therefore write very what we think they are worth, as if you wish to pay Canadian worth 16 cents to 1/- in England.

#10/14 Perlins worth 14

Both are very rare pieces and ones seldom offered. Would be glad to have more bids from you.

Very Respectfully

Dear Sir

We were surprised to hear of the death of Mr Dillaye and regret it very much. It must indeed be a great shock to his family and we sympathize with them in their bereavement.

As regards the small indebtedness it will be satisfactory to us to await the convenience of his executor.

Has any disposition been made of his collection of coins and are they to be sold at either private or public sale? If they are we would be pleased to be consulted with a view of purchasing for cash at private sale or to catalogue for a sale by auction - in the latter case we would do our best to make the sale a success giving long descriptions and issuing a fine catalogue same as the one we sent a few days ago addressed to Mr Dillaye before we knew of his illness and decease.

Should you desire any information in regard to the collection we will be glad to place our experience at your disposal.

We have sold Mr Dillaye many of his coins and have been in correspondence with him for some years.

We are just starting the catalogue of the collection of the late J. E. Bidwell of Middletown Conn. which has been placed in our hands by his executor.

Very Respectfully

Thomas Warner, Esq.

Dear Sir.

Yours of 3 favor just received & P.P.O. Apr. arrives to-day at noon which seems a little late.

Your disgust at the South is just what father has been telling us for years and we expect you will henceforth be a good Republican since seeing the brethren in the Sunny South; so far as we can learn they seem to be a lazy set and not over neat in their ways of living, etc.

We have marked the prices we consider the several lots worth on the list sent and return it herewith. The sale is full of desirable, rare and interesting coins intermixed and we think the best way to comply with your question "Have I omitted any that I ought to have" is to recommend the entire sale to your notice with the request that you send us all the bids you can. We are glad to see you selecting the finer pieces and hope the future Warner Collection may be one of the finest in the country.

Please advise us when the slip arrives.

Very Respectfully

Dear Sir!

Your telegram received. The catalogues are ready now and we can only spare you 20 which we send by express charges prepaid. We sent 2 plain catalogues on Monday. Thanks for Balmanno's sale plain catalogue, will send the other out and attend the sale in person. Our plate (100) all subscribed for. Have sent one of your plain cats to one of our best customers.

Very Respectfully
S. N. & N. Chapman

Mr Simpson got 100 cats and we do not know whether he could spare you any or not.

Wm H. Cottier. Esq
Dear Sir.

Your letter of the 5th received. To which we replied by telegram "Twenty per cent lowest for fine coins. Bidwell pays 40% fine. Must forward immediately to insure best and successful sales. Advances made." We received your answer by telegram "Will send coins tomorrow A.M. when does sale come off?" to which we sent telegram reply "June 18th. Not a day to lose. Keep cataloguing Bidwell. Will go separately." We thank you for placing the collection in our hands. Do not fear on that in telegraphing you that the collection will be hastily catalogued, for it simply to get into the Bidwell which we have well advanced in cataloguing. We will catalogue yours as a distinct collection mentioning your name thus. "The Magnificent Collection of Coins and Medals of William A. Cottier Esq of Buffalo New York". We will (as we always do) not sell any one coins, money or any thing we know of to make the sale a success and everything points to our coming sale as the 14-15 being one of the best sales held.

How much money do you wish advanced? The custom of the business is to balance off 30 days after sale, the regular dealer being allowed 30 days in which to pay their bills.

We will mount your entire collection in our gilt edged & satin lined boxes, which adds greatly to their beauty.

After we pay all expenses - printers bill, auctioneers fee, etc etc, etc. I leaves very little for our services.

Yours Very Respectfully

Richard B. Winsor, Esq.

Dear Sir

Some days since we sent you one of the plate catalogues of our sale on next Thursday and Friday the 14th & 15th and hope it arrived safely.

We have received information to day which enables us to say positively that the 1804 dollar formerly in collection of Mark C. Davis is one of the restrikes &, thus leaving only six (6) originals known and ours the finest. It is a superb coin and would be a grand addition to make to your magnificent collection. If you will favor us with a bid upon it, it will be most faithfully executed. It will always bring its price.

Very Respectfully
S. H. & C. Chapman.

P. S.

Kenny gives my regards to Mrs Winsor and I hope she is well.

L. L. Parmelee Esq

Dear Sir.

Your letter received.

We think your limits on 1872 Dolls & 1878 Dolls too high and think if you make them less we could probably work them off at say $40 for Commercial and 20 & 25 for 1878 pair.

We were offered a few days since your 1792 Cent, the one you had us limit @ 60. What would you give for it?

The ½ dime in sale is finer than the one in your collection Would you not like to bid for it?

Very Respectfully

H. H. & H. Chapman

Please give Mrs Parmelee my regards and hope you all both well.

Wm H. Cottier. Esq.

Dear Sir.

Your collection of cents and ½ cents received. We are sorry the cents have been rubbed or wiped with some kind of oil as it has removed some of the color and given the pieces a polished appearance. We will do our best to get you out on the 1793 Chain cap and know of two customers to whom we will recommend it and get their bids. We go to the printer on the Catalogues tomorrow and expect to have them out in Early June. As regards the time of selling we think it could not be better and as there are no sales to come off that we are aware of that will clash, we think it will be a success.

We do not exactly understand the following sentence in your letter, "My principle reason for selling etc. etc., but whatever is customary will satisfy me in fact I would just as leif wait awhile before selling if I thought you could get better prices" From this are we to infer that you do not wish an advance before sale or that you do. We do not usually make advances but whenever it accommodates our clients we then do.

The sale tomorrow promises to be a great success. 5 N.Y. dealers coming &c.

Yours Respectfully

W. H. Chapman

Messrs Scott & Co,

Dear Sirs

Yours of the 18th was duly received yesterday.

We do not need the money and would have no use for it. We ~~do~~ would not pay the rate you ask. The 30 days is allowed to dealers only as a convenience and accommodation and not as a commercial act or term of sale for auction sales are cash. This view we have always held in the matter

We spoke today to the auctioneers about your proposed payment before the 30 days and they said they could use $500 cash of the amount and would allow you interest for it at the rate you mention for the 25 days remaining so please communicate with them by return mail and enclose check or they may obtain the money from other sources.

We are not responsible for the shells as they are fragile goods and when put up a member of our firm declared They are sold in good order and as are and we will not be responsible for breakage. Mr Lord bid $4.50 for them.

We thank you for the return of that coin ~~declared~~ delivered in case to be a sample.

Total of sale was $40.25.

Yours respectfully

Dear Mary:

We do not mean to be more than reasonable
however we do not
We [illegible] not keep the
mail open each. The 30 days is allowed to [illegible] mail
as a convenience and accommodation and not as
a commercial act as then it is the practice
each. This rule we have always held in the matter
We quite think it the customers should pay postage
payment after the 30 days and then only the ordinary
rate and the amount and would allow the interest
for it at the rate that money matters for the Exchange
as then commenced with them by letters and mail
orders which as they may affect the money from other
causes.

We are not responsible for the drafts as they are pay-
able quite and when sent out of Syracuse from Eastern

No 578 has been changed but as it was only a thought it not worth mentioning.

No 1066 were cheap @ 10 only as the pair of one bit.

No 1241 were fully up to description. Jersey 'slate' arrows are not as fine or beautiful as the flint & jasper. You must not expect a 5 dollar calabyrd as 'base' to be sold.

We take them back merely to save trouble and letter for which we have neither time nor inclination. If you did not want slate arrows you should not have bid as they could then be sent to some other bidder as the time. now we [illegible] them to Mr Watkins

Respected Friend,

Your favor with bill received. We have looked up our old bills and find those rendered now are not quite right. We were surprised we owed for July 1863 to 1864 subscriptions but as we cannot find that we made any payment during 1863 must let it go. Have you credited us any cash during 1863 if so when and how much?

We send you our receipts and the bills as you can render corrected ones.

Our sale on the 14-15th inst was a success, that is over the 100 dollars was purchased by Mr Scott for St. Johns. Village papers price list & catalogue of our coming sale of Bidwell and other Allentown June 8, 9, 10. next week. Hoping you are well and with best wishes, we remain

Mrs J. E. Bidwell

Dear Madam.

Your letter of 24th received.
Our sale was a success, total aggregating $1052
the dollar off 1804 selling for $1.000. Birch cent
$162. th. We were very much pleased with the
result and the N.Y dealers (5) who attended
said we got better prices than they would have
commanded there. so as to see for ourselves
we went to N.Y. yesterday to attend a sale
there and found it as they stated it only the
dealers in attendance and no collectors as
we had in Phil.a, the only pieces duplicates
of in the sale & in ours sold as follows
1873 Set of Trade dollars sold for $28.50 our sale, New York $28.50
Carroll medal in silver . . $35.10 . . . . $28.50
We have decided it best to sell in Philadelphia and have
taken the 8, 9, 10 of June as the days, Catalogues will
ready tomorrow and we will send you some. We
got advance sheets some days since & sent
New Mexico, & California, and both N.Y. our dealers

attend in person and send out the catalogues. 65
We owe you an apology for not writing oftener but
it has really seemed impossible to get any of our
letters answered as soon as they should be, on account
of our time being taken up so closely with the cataloging
&c, also often working up to 10 30 and 11 Oclock every
evening until 9. & 9.30

Mr H. H. Potter has placed his splendid collection
in our hands to sell in the sale and we put it in the
2d day of the sale so as to draw collectors and dealers &
keep them in attendance

The sale promises to be a successful one and we do
not feel at all nervous about the result.

He had ~~Mr Foote~~ Prof Foote to see the minerals and
his best offer for the lot was $10. which we declined, he
said you will do well if you get 20 or 25 for them. We
have put the entire collection in the sale to be sold as
one lot and as we will have many dealers from other cities from
we expect they will sell quite well.

The collection took a great deal of time to catalogue and
arrange and we have not spared ourselves in its preparation.

Should you desire to make any suggestions as to what
you wish to limit any of the lots to, please advise us,
but we think it would be best not to place any limit and
we will push them up as far as possible ourselves.

Please give my regards to your son.

The bullion gold and silver we have not sold yet not
having time to make out a list of it to send you,
do you wish such a list? or will it do to sell it to the
dealers?

Very Respectfully

Dear Sir

Should you deem it worth your while to call upon me
I will be at home all day tomorrow

Dear Sir.

Your statement of the 21st instant for $33.25 balancing up to date, duly received and for which we are obliged. It is only recently within a few years that the auctioneers have not charged commission on their sales, but we came and took up for our bidders interests at your own sales as well as at others, thereby earning our fee.

The price list is just set up and we expect to have all corrections made (if there are any) and have them this week. Our sale of Bidwell - Other Collections, Saturday June 8-9-10 and catalogues will be sent tomorrow. The sale is a fine one and we will be very glad to have your bids and give them our attention.

Trust you were pleased with the purchases made, and also with others for whom we bought.

Dear Sir,

Your letter dated April 17th was received to-day.

The coins of Domitianus which you describe have on the rev. the Cult of Minerva and the portrait of Domitia.

On the Thomas sale, which you may notice quoted in Humphreys was a specimen described as follows,

Lot 1191. Domitian; rev. Pallas walking; MINERVA INVENTRIX.

Another; rev. a fine bust of Pallas; TR. POT. VIII COS VIII DESIGN.

Fair (2) 2 £4, 5, -,

It is worth from £3 to £5 in good fine & extremely fine condition. We could not determine the value without seeing it, but will give within those ranges stated and if extremely fine evenly struck and of great fine execution will pay the latter sum.

Both numbers of our firm sail for Europe on June 15th, next and would thank you to address your letter to our Friends' Institute, 12 Richmond St., Whitby, E.R. - Yorkshire - England, where we shall be at the time your letter will reach us. We remain

in Europe on the 1st September 65.

Please to send the coins, between two pieces of card board in a registered letter. Cut the cards nearly the size of the envelope and first fold the piece in a small bit of paper and gum it to one of the cards.

As you may note by the above tables we deal in all classes of coins and medals, devoting our whole time to the business, and we will purchase any pieces you may have which suit us and from which we can agree upon the price. What have you in gold and silver and nickel? If you have duplicates send pencil rubbings on paper made by placing the bott of a pencil on a piece of paper following the coins, with your prices.

Yours respectfully

Dear Sir.

Your letter of 27th received

We cannot now comply with your request to return the 1795 Jefferson Head Cent as the catalogue has now been published and would not do to take any piece out of the set.

As regards the price $33. we think it is likely to bring as much or more on the sale and we have one of our customers wanting it.

Your party can bid for it at sale. We never sell any coin out of our sales after the catalogue has been issued and refused to make, name, or entertain an offer from one of our best customers for the Boy dollar before our sale.

We have been so closely occupied getting the Cat. alogue out, working every evening until 10 and sometimes 11 o'clock, that we have not been able to make any calculation in regard to the advance will do so and write you in a few days.

The following N. Y. dealers attended our sale

Low, Mougard, Sampson, and at one noon Mr Cogan said he would attend the 3 days. The sale was very successful and the New Yorkers said we got better prices than they did. We have several new City Collectors for cents, and they want some of your sets.

Mr. Colin E. King,

Dear Sir,

Your letter of the 26th received. We should indeed have written before, but have been waiting to see if prospect after prospect of selling the Syracuse and 1804 Cent, would prove a sale, but each, in turn, have failed. We have also been exceedingly busy.

The Party to whom we first sent the Decadrachm and which we expected would be a purchaser, as we informed you, treated us most meanly, keeping the coin about 40 days and then returning it and saying that he would be in the city in a few days and would call; but he did not even that, tho' we tried to see him at his hotel and wrote notes requesting him to do so. He is again in the city and we are trying to see him and if we do will endeavor to make him take it. Immediately after returning it we had a chance to sell and forwarded it on approval but had to return it.

If you are to sell your collection it is a pity not

Mr. Edwin C. Litchfield,
Dear Sir,

[illegible]

to keep it for the grand piece of your Ancient Coins.

We are confident we can get the price at auction.

We believe your collection must sell well next Fall.

No collection of fine Ancient or American, as far as we know, is to be offered. We could get high prices for the Am. Colonial and Cent at our last sale, N.E. shilling $68, our marked price $50, Lord Baltimore 62, $38. etc. The sale was very successful $10,000. 1804 $1000. Don't buy any 1804 dollar without submitting it to us. we may say we for we are the only people who seem to know the piece. It is curious the numerous altered pieces that turn up in seemingly out of the way places, with a long yarn attached as to a relative having owned it for 50 years etc, etc, and especially there.

None that have turned up within the past six years have proved to be genuine. The Sanford photograph is a very bad one, being distorted.

We expect to sail for Europe on the "City of Chicago," on the 18th of June, so if you wish to consult us about your sale please come in before the 12th, though we do not consider it necessary. Our Father will be able

house during the Summer and will attend to any communications. We will return the Lyrave and cart-horse we have now. Leave directions for them to be sent.

We are very sorry that we did not succeed with them and ask your pardon for the long delay.

With regards to your Father, we are

Yours sincerely

L. M. J. K. Chapman

P.S. Mr. Hawthorne went out of the business about two months ago.

Please keep the knowledge of our going to Europe confidential for the present with our communicative friends. We know it, as two or three gentlemen called on us, & got before us.

P.S. 2. Have just read your page 2 which we find we had not perused. You state, "He knows nothing about crime but wants experience with it"; and it is enough to condemn the case as Mr. Cassals always talks this way to relieve himself of all responsibility when its true character is found out, as they always fall back on this. "I told you I knew nothing about it & you bought it on your own judgment." Raymond the actor reported to me on the 6th that he had been taken in for $150. in Baltimore for one they asked $500 & he offered $150.

Compare with the one sketched out in presence of the owner if available

Dear Sir.

Your kind note of the 26 received.

We did offer an advance having rec'd a bid of £10 on it, and the next which we had purchased but as we have sent the piece to our customer, a gentleman in Germany we do not think it would be worth while to now send the other. We bought @ £9 and sent it to the bidder at that figure.

We have a fine sale on the £ 7,10 of which we enclose a catalogue by this mail.

Will be glad to hear from you again

Dear Sir.

Your favor of 11th received and for which we are much obliged.

No 838 will we think bring from 6 to 7 more likely the latter than the former

No 826 will probably bring 75 to 80.

No 836 your bid 70 on, is this not a mistake for the piece is only worth 30, you may mean the bid for 8 & 4 the 836 cut. How is it? Answer.

Our correct descriptions are always the same whether the sale is in Phil or N.Y. and we think you will be pleased and find the pieces as described.

We telegraphed you today to send cuts list of the lot you would probably like to see before bidding and if you write us tonight we will send them to you by express tomorrow and you can then see the pieces for which you make bids.

We will be pleased to have your bids on any of the lot desired and will give them our attention.

Thank you all for this letter tonight do not telegraph.

Messrs Levitt & Co.

Dear Sirs

Your letter dated May 20th was duly received on the 1st but on account of pressure of other business was not replied to before now and we also owned hardly see how we could send a bill of sale as we did not sell the cars but the auctioneer. We enclose a written guarantee which we think will cover the ground.

By the same mail we received a letter from Mr. Dexter which we have answered late that night from 9 to 9.30 P.M. and sent to Philadelphia before.

We also enclose Mr. Dexter's letter and the copy of our reply, so you may understand all about the matter; and when finished please return them as we wish to cement the copy in our letter book. You will note that we say "We hope you will send bills in due course of the 6 & C. collections," but were careful not to pay it in or to make any request in that direction.

A week before the sale we received a letter from Mr. Dexter.

All the State collections (1800) were sold 5 days before sale

Mr. J. V. Dexter,

We guarantee the 1804 Dollar sold in the sale of our collection May 14th, by S. V. Henkels & Co, Philadelphia, lot number 354 and purchased by you for $1500., to be genuine and as described in the Catalogue and further guarantee the statements therein as to it being the same as the other specimens known and mentioned as per list, No1, No2, No3, No4, and No5. (No6 we now have sufficiently recent information to know it to belong to the class "Restrike b.").

(We are informed by the auctioneers that they have received payment for the above mentioned coin.)

A. W. Jackman Esq.

Dear Sir.

We are sorry to say the party returned the 1823 ½ dollar, we felt sure he would take it as we told him the price & condition. The hold. is subject to your order.

In our sale of Bidwell - Cutler Collection there are a number of coins which we think you might desire and among them the following 1803, 207, 297 which is one of the finest we have ever seen. 915, The splendid set of cents to 1/2 cents. 818, 821, 826, 866, 882, 1590.

There are many fine specimens among the ½'s and dimes & ¼ dimes which we think would probably improve some of those you have.

We hope you will give the catalogue a careful perusal and send us a large lot of bids. It is an opportunity not often offered to secure the pick of such a superior lot of cents & ½ ¢ as the Cutler Coll.

Awaiting your reply, we remain

Dear Sir,

Your favor enclosing $1 in payment for Plate catalogue of the Chapman Sale with $5 bill received.

We have just acquired a gem, an 1808 Cent brilliant uncirculated, light olive partly light red price $50.

It is the same specimen that was sold in a sale by Mr Hamilton about a year ago in the catalogue of which he stated it to be worth $100. Though made no dr. as all are, it surpasses every specimen we have seen, and is a beautiful coin. Will send on approval, if you desire you would purchase.

Wm. H. Cutler. Esq
Dear Sir.

Your letter of 6 rec'd.

Very well, we will not charge interest after day of Sale.

No 790 are both false but as you seem to have some doubts about it we will buy them for you and will send you our Specimen of the 1793, one of by the same party and from the same 793 and also a 1794 made by the same process also with edge

The sale in N. York will not interfere with yours at all cent sold on the 9th it does not contain a class of coins as ours.

We think sale will be successful and are doing every thing as our power to make it so.

Very Respectfully
S. H. & H. Chapman

We have 28 bidders already and expect more on Monday

J. F. Calder Esq
Dear Sir.

Your favor of 3rd received.
It is too late now to have the sale this Spring and it would be best to hold it early October or November the latter being perhaps the best.

We will be pleased to catalogue it and make the sale for you, also will place some pieces in it where needed so as to improve and therefor make the sale more attractive.

If you will send it to us about Sept 1st we will proceed with the work doing it in an unsatisfactory manner.

Hoping the above will prove satisfactory we remain

Very Respectfully
E. N. & H. Chapman

C. F. Gunther. Esq

Dear Sir,

We desire to make a proposition to you as below which is to be held strictly confidential.

We both sail for Europe on the S.S. "City of Chicago", the new Inman boat on Thursday the 8th inst.

Would you inform us what you need and wish to purchase of Autographs, Old books, and Manuscripts and advance to us a sum of say one, two or three thousand dollars towards their purchase, we to pay interest at 6% per cent per annum, all settlements to be made within six months, to place them at our lowest prices and guarantee them genuine, to be responsible for shipment damage freight etc we in fact to hold ourselves responsible for the amount advanced until repaid. To give you the right of selection the same as previously (of course to have the first chance)?

We have especially excellent connections for obtaining fine specimens in all branches and are confident we can procure many to delight you.

We have scheduled to return on same ship Sept 15th but our Father will be at home and we intend to visit to view

purchased, and not wait until our patrons, as fast as we have sufficient to send.

Our sale May 14th 15th was very successful, that $4000, the 1864 bringing $1000 which cost us $250 at sale in Dublin last year thus clearing $700 net, and our sale next week of the Tidwell & Cotton Collections promises to exceed; so we have some cash but wish to add to it. Our sale was composed of a selection from stocks and did not contain all of it, (of course not duplicates) we leaving out whole lines which we thought would not go well in state of market.

Hoping for a favorable reply by return mail as our time is short, we are

Yours sincerely
S. H. & H. Chapman

W. Gill. Esq.

Dear Sir.

Your letter of 28th ult being
458 cash Rec'd 253 received. Thanks.

The Victoria crown was uncirculated and would cost in coin condition in London from 10 shillings. The Double dall was also cheap, the Irish shilling was fairly bid to the 230 some out clear bidding 225 we were about letting it go when we remembered you said Bruce to have over age about 2, could not then remember what we had got as bought it, as to it being worth the money we took the coin as the best criterion of that (and if you only considered it worth 75 you should have said so; and not waited us. The Philip shilling we did not want it being quite fair and the medium coin as for about 365 which if we had bought for any 375 You would no doubt have considered it more than you desired to pay and we would have been the losers.

We are sorry you were not satisfied but it was not our fault, we trying our best to please, and carry out your instructions You asked us for a Mint may 6d and we now have one which we send herewith 375 which is cheap if they are sound.

Yours Respectfully
Gill & W. Chadwick

Respected Friend

Your favor of 17th ultimo
to hand concerning the purchase of Curtis
and could you purchase of us as cheaply
as you could at Auction? In reply would
only that in buying of us you can rely on
getting the Value of your money, with the
guarantee of genuineness, and you can see
the piece or pieces before you buy, which
you cannot do at Auction (unless you attend
in person) Then again the conditions as described
by Woodard and many others are not reliable, and
while occasionally you get a cheap piece in the
lot it is chance. Then our Catalogues Curtis
has given a full description, color, condition and
any imperfection which you no doubt have
seen as we were the first to give such full lists

We have a nice stock on hand and
if you wish any part on approval
would send you a package.

Your favor of 9th & bond, S. H. & H. C are now in Europe and the writer their Father, not knowing anything of the Coin business thinks that the shortest, and best way to save time (our whole work) would be to ship you them direct - which is done per Adams Express Pre paid - you can bring them with you to New York 17th - I send them to you at the prices marked on Boxes which are nett, and are I think at proper figures. If you take "Vol." a splendid I will then the task of taking off 5 per cent. - They are a splendid lot. 2 have not 4 1794 Cent. & the finest 1793 Narrow Rim "No." is worth $20. but for having a Rim slightly scratched in field - That now I sent on approval selection 3/4. 20 Hope you will finish among & please and If Bride with Mary Newhall Yours Truly for H. & H. Your favor 9th to hand, but would not give over 4 per ct above face for the old Gold. Nothing new in the Mkt & demand light. - As the silver, the Condition will govern the price, the same might be said of the Gold Condition is nearly everything.

You can send it by Express adams would make quick if price was agreed on.

The 4 1794 Coach Came to hand this day, and in such a Manner that I think is simply outrageous taken out of the Box in which they were sent, Put into Common envelopes and packed without the Slightest Care and are badly damaged, and not in the Condition in which they were sent, and their price and Identity lost to me, I cannot sell them now as I cannot replace them in their proper Boxes, the Condition of the Box shows the Care they have Come through. The Morning Chronicle I care nothing for and I cannot sell them Cheap as you Know to a Jew waiting for them. I feel Provoked

Your favor of 4th to hand, I am sorry if the Binding does not come quite up to your expectation, it is a clean, Uncut Copy being uncut makes it more valuable, because Gentlemen having Libraries always desire to have them re bound to suit their own fancy as to Covers. therefore they Volumes are issued in "Cloth" not deeming them but as a preliminary binding, and do not place a value on them as being "bound". If the Copy is clean & Uncut it is worth more for the above reason than if they were strongly bound & Cut. I would not like to write that strong word "Ought" but I think from what I have written and Knowing them to be very good value for the money you will not regret paying for them. I am not aware of any this buying another Copy in

England, but if they do, and you prefer
to change those you have, for any
they Binding they may buy, they
will [illegible] exchange those
you have for them, allowing you

It is and always has been my

We have been recommended to write you that, to help us to procure from the Estate of the late H. D. Dear Sir.

We arrived home from Europe on Friday and on Saturday a gentleman left with us two pieces of 20 pieces of which we send rubbings. Please make us the best offer you can for them either together or singly. They are both in very fine condition, the 1853 being really almost uncirculated. We will hold awaiting your reply and to save time it might be well to send a postal the earliest offer.

We had a fine trip abroad and got some choice pieces which we will soon have exposed.

Awaiting your reply we remain

Respected Friend.

We arrived home on Friday evening much the better for our trip, for we had a very enjoyable one and learned considerably.

We are exceedingly sorry to hear of your business troubles and hope you may yet come out all right. In regard to the matter spoken of in your letter we will do as you desire at 20% though it does not pay us to expect to hold our stock and will part them as we may be able to get good prices as we made the acquaintance of several Masonic Collectors in England and from whom we may be able to secure some sales. We also bought quite a number including some rare ones.

Expect to have our Jewelers about the 1st of Dec. when we have some fine things, especially in Masonic pins and medals.

Please convey our best regards to your wife and daughters and believe us as ever

Dear Sir.

We write to ask you to do us the favor to send us the amount due by the Estate of H.D. Dillaye as we believe you wrote us you were one of his executors: the amount is as follows

December 1. 1884.	To one medal of Napoleon for battle of Castiglione. 1796	— 1.50
" " "	" " " as King of Italy. Re Coronation	1.00
" " "	" " on Foundation of Coalition Republic	75.
" 12 1884	" One book on Napoleon medals. 4to. full tree calf binding. 74 plates. — gilt edges. brown colored binding	15. 00
		$18. 25

If the Estate cannot pay the above bill, surely they will do us the fairness to return those goods to us, the book especially was from our Library and we have not a duplicate only offering it to Mr Dillaye knowing he would be much pleased to get it as he was interested in Napoleon medals We miss the book very much and I could not go to sleep last night thinking about it and wishing it might be returned, would you please give this matter your attention, and reply by return mail, as the book must be in his library.. Dear Sir.

We have just returned from Europe where we have been 2 months studying to our profession and seeing the sights.

We purchased some medals but only have a small part unpacked (as we returned on Friday night last) however we wish to give you first chance at some rarities we brought viz

1 Maravia No 450 Page 182. Silver perfect. shall hold over head for 1865. Very rare. Price $10.

2 Maravia. No 449. Page 182. Bronze proof. Struck, dies by Kirk Val. 2 1/4 X 28. Heaviest rare and we were informed that it is the only specimen known to exist, of this we cannot of course be positive but though we searched through the B. Museum and asked several collectors of Medallics in England they did not possess one, and we had to pay a large price to the owner before he would consent to sell it Price $20.

3 Maravia No 265 p. 168 Copper proof, bright red. $1.50

We also got some others but not yet unpacked. Will see by return mail if you wish the above. Yours respectfully

Stephen Weller Esq.
218 Main St.
Buffalo
N.Y.

Dear Sir.

We have examined the coins and find it to be a lot containing no varieties and in fact such coins and tokens as are at present but little in demand and of small value, which generally have to be kept for a long time in stock and often are more trouble to handle than they are worth; many of the medals and all of the rare dates of U.S. cents are merely casts and electrotypes, consequently of no present worth, the 1792 Washington ½ dollar in copper is only a Jollers struck copy as is also the Lord Baltimore penny, the 1793 Liberty cap cent (the best one) is only an electrotype to make the number 1000 which Feather says you paid, the collectors coin famed cents to us (without counting them) to be too high but of course such things as Rebellion tokens, store cards and political medals are good for counting but about ½ of no value, we call them by 100 500 & 1000 at one for each 3/4 of a cent each. The medals are on exhibition at the collectors

and find it worth to us but (£100) One hundred dollars
which if you wish we will pay at 30 days after the acceptance
as at present we have just got home and have been buying
very largely

If you do not wish to accept the offer we will collect them for sale by auction at our regular rate 25% of the gross
proceeds, we paying all expenses, this sale is for
collections containing rare pieces and for one like yours
with a few rarities it would to pay us be more - but we will
if you wish put it home on one of our sales and make up
a fair sale or maybe insert them in some sale this fall.
Would not care to advance anything on them.
Awaiting your reply, we remain

Dear Sir.

Your letter & package containing Bushnell Catalogue received. Our father who sent the Bushnell Catalogue to you in our absence asserts that the copy returned by you is not the copy he sent you, and that it was a perfectly clean new copy unsoiled and as the one you send is badly soiled and the back cover broken (it having passed through some sale as it bears a № 1660 (in red think either Richardson Co Cyrus handwriting) in the area of cover) we decline to receive it and hold it subject to your order with also the 2d enclosed.

The price charged $6 is the same as you had previously paid of which you were aware when you ordered it.

When they leave our hands they go out in perfect condition.

Dear Sir,

We arrived home safely and well last Friday week the 25th of September. Before we left, we did not hear from you as to your opinion on the race, but suppose you had not yet returned to London. If you have examined it and you should pronounce it false then to inform M. Wm Cracken, 38 Queen St City, and state that we decline it and that they may return it to the owner.

The day after you left, W. & H.C. mentioned the race to Mr. Ready when he kindly offered to go with us and examine it, at the same time advising that it would be well to take Mr. Murray RM. to accompany us.

As we desire to have ascertained fairly & to genuine race was away the highest pitch and we wished to know it before leaving London, we took them to see it and they pronounced it false and that some parties were well done that is the under side and cleared.

The next day we left it

in the hands of our relatives and had not any time in which to write a letter to you, for even our evenings were all engaged.

We find a vast amount of business accumulated and accepting very favorable. General business shows signs of decided improvement this season in this country.

What are the prices of the Coffee Vinage, net and retail? We are not certain. We will inform you about the wine as soon as we get our business in working order.

Hoping you had a pleasant vacation in France

We are

Yours sincerely

Dear Sir,

It contains only an ordinary lot of foreign coins with but few of any rarity however they all sell and we have arranged them for our next sale with the exception of some 2 lbs of silver current foreign which will not pay you to have sold by auction though it would suit us, still we want you to get the most you can out of the lot and consequently think you had better that it is best to sell these for current coin at a broker, together with some foreign that is here and for which service we charge 5% on the amount obtained, we get offers from 2 or 3 brokers for them before selling & remit you what we obtain the amount less 5%. Dear Sir.

Your letter of the 6th received.
We had discovered our error and our telegram was to prevent our letter from being read by you, thinking you would consider it correct as we intended. We regret the circumstance and are perfectly satisfied that it is the copy we sent. Our father was very positive he had sent you a clean copy but likely he did not put on his spectacles. Please think no more about it.
Before the sale we allowed 20% discount to dealers, but after the sale the subscription list was closed and we cannot give the discount. At the sale of the Bidwell Collection it sold for $5.25 to a collector and we have paid $5. at another sale our share, we have only 3 copies left.

for sale several times on deck but found no purchasers: when
some 600 miles from N.Y. we saw a splendid iceberg
about 200 ft high by 400 to 600 long - some 6 miles off
the ship and with the sun shining upon it, it presented
a most magnificent sight, one not to be forgotten, we could
see another very about 12 miles off but not plainly enough
to see any of its beauties, since arriving home we have
had very fine weather, but were rather late for the peaches, &c
the summer fruit being nearly over. my fathers little
Yorkshire dog was delighted to see us and we hope for he is a
perfect beauty - long hair, silver grey and large ears (tan colored) must which he
holds erect when spoken to, weight about 11 lbs, what are young

such question - however I want not A Dog if it can be had reasonable

We arrived home safely and found a great deal of business awaiting us, also some fine collections, one of which we purchased to-day and thereby obtained some American curiosities.

We are just getting our purchases aboard arranged and our business in order and would ask you to hold the pieces we elected for us and we will send the money for them with directions as how to ship. If you obtain a silver medal of Swedenborg or any fine American pieces we wish you would advise us.

With best regards from us both, we remain

Very respectfully

Dear Mr Eckfeldt.

We arrived home safely - both well but had a rough voyage. We received your letter at Dublin forwarded from London. Of the coins you just price to me will take the Hadrian 2/ domitian 1/ Vespasian 1/ U.S. dimes 1830, 33 @ 1/ pair. Austral. is token 2/ 50 = 1/. but decline the Lucius Verus 1679 @ 1/ Vespasian remains (Judea) at 60/ the 1/2 dime of 1800 4- The Levant at 2/. The 1800 piece is only a 1/2 dime & not a dime - and is very common. We found a large lot of buying & awaiting us and are getting it arranged as fast as possible and will send you the money for those you do not want. Thanks for the coins. Please keep them for us. Yours Truly with best regards Edward Joseph Chapman. Edw H Chapman

Dear Friend J. Colburn.

We received your letter of 21st and regret very much that you should feel in that way toward us and we hope you will not.

We were in Europe for over 2 months and on our return [illegible] 26 found so much awaiting us that we have hardly had a moment, we will give the 50 Ac's our attention next week and look up the matter and trust you will accept our apology for not writing you and that we may be the good friends we were in the past - in the future.

We have discovered to Mexico an old type series and two Colonials to write for and of which we intend to write you

Dear Mr Verity

If you can buy that $50 gold coin of that old fuzzler in Harrisburgh for the $42 or under and will send it out we can use it and will immediately remit allowing you a profit of per cent as you may think proper if you get it make it up very securely between cardboard and double envelopes and we think the post office authorities will not trouble to feel it and it will come all right. There is also a medal for which you have two, one of which I purchased and the other which you would send us I have in silver bust of man wearing crown of top Dominicus Illuminatus Rex

Rx Should with above. Feb 15 65

Dear Sir Verity I paid you $42 for it and will give $5 & pay postage on the other. Have to attend sale this week for two days in Phila & today in N.Y. have no time to go to the fuzzlers bidding and consequently have not been able to get at the office but must do it next week & hope you will think me very sidolent but if you could only see the accumulated business I left you would think otherwise. Ever since we were robbed we have not had time to write to any one possibly attend to.

We want some fine Greek gold have you any?

Dear Sir.

I went to see the
owner of the Indians dresses and
I think I would make you laugh
if I could tell you how I got them
out of his ~~h~~ 100. not to him positively my
lowest bid, however by my offering $75.
and told him he must give me 10% for
selling them for him I eventually got
him to accept of the offer so they cost you
$67.50 any other way I think I would have
had to pay the 100. in fact he told me
yesterday when I made the offer that
he would not take it and even told me
I'd best out of his office - I telling him
he had better accept when he could
& that on Monday he might regret the
after some more talk - he did & he made
it them to $75. all but on condition that

need refusing it - he accepted and
I paid him - the money I got him for
for their delivery - next went to Va
to see about the Corps badges and
got the fellow down to 35. cash, his
lowest for he said they actually cost him
that.

The charge to your account

2 Indian dresses	$67.50
Name of Corps badges	35.-
	$102.50

I have the notes of our visit to you to get.
the Lincoln painting is at Hamilton
but I know he will not let have it
I would need varnished & I would not
put to the trouble and have you the trouble
to carry it to Chicago - the Indian dresses
need cleaning or folding not think &
Hudson started for Boston at 2.45
will start Lithic on Tuesday - if you
wish you can address him there.
He said he would make

another ~~to~~ the finder & since & will see that they are properly packed.

I thought by making him think he had to pay my commission on the he was getting the last cent out of my parties offer & so he did and that was what brought him down – He tried to play me for ~~to~~ to get every cent he could and I was bound he would not and I guess he did I sounded him without ~~of~~ him by asking him if he bought them at the sale for himself and on his replying he bought them in for the Estate I told him he could not do that under the laws of the State of Pennsylvania and that I could take the goods if he could bid one might to have seen him jump and take my offer – would not but he did it quick and that greased the pool for him to slide down $32.50.

Hope you brethren hit your commission and that we are well.

With best regards from self & Father, mother & self

Dear Sir:

Yours of 23rd rec'd. We went to Hazelton about the picture and they say it will not do to oil it and it should be varnished to preservation let stand in the sun four days and then varnished which would bring out the colors and make it look finely this would cost about $5. the picture is dry they say & needs doing up to preserve it. also the frame has lost some small pieces out of it and the burnished beading is rubbed off to repair the lost parts and paint the burnished strip with "gold paint" will cost about $3 more. Shall we have these operations performed? The case has to be made

Your postal recd.

The auctioneer had the goods in his hands nearly two days and awaited your payment and as you did not send it, the bill was due when your first received and it is folly to say it is owing. The Expresses will not take goods subject to examination and also there is no examination about it they were perfectly catalogued, bought on your order and surely cheap enough and are for the last time demand payment by return of mail. Such dilly-dallying has gone on long enough and now we decline it. The Coulter is cheap at the Price but the poor can buy it for in London and of

A. C. Ochmann, Esq.

Dear Sir.

Your letter of the 8th received yesterday. Our charge for cataloguing your collection will be the regular rate of 2½% of the gross proceeds, we paying all expenses after the coins are placed in our hands such as auctioneers fee, printing, advertising page in American Journal of Numismatics, advertising in City papers before and on day of Sale, postage, stationery etc etc, making returns 35 days after Sale complete, the dealers have 30 days on their bills and it generally takes 5 days more to get accounts balanced up. We are fully aware that others offer to catalogue at lower rates but several collectors who thought they were making a saving by availing themselves of the lower rate, have given us their instructions to sell when they had a 2nd sale & offer. We are fully the time, experience, knowledge & superior workmanship to execute our catalogues and we do. Having printed and issued them ourselves a little matter which can not affect.

(2)

If your collection warrants it and you what you say we think it will, we will add from our large stock and have a grand sale and Catalogue with plates at no additional cost to you. See the journal for notices of our sales and you will see how our fine work is appreciated. One notice in last number.
There is another point worth considering and that is we give to the seller the advantage of his coin being offered to all of our customers and we think we have the finest trade and carry the finest stock in America. We have lately returned from a three months tour of Europe and purchased largely in the principle cities - we also devoted much of our time to study in the various branches of our profession. Our next sale will take place at Thanksgiving time next month and will be a grand sale, including many rare specimens U.S. and foreign coins - several being offered for the first time. Whenever our stock would improve the sale we would not regardless of the expense. Now in writing you among us I think it would be advisable and that the collection would be kept better for the present, so we would ask you to write at

(3)

issues 5% difference in the commission is a mere trifle when the results are taken into account - and in the manner of holding sales we do what the seller what no other dealer does and that is make every lot bring a fair value holding ourselves ready to purchase any and every lot which does not sell for more than we will give for it at any sale. We have no doubt we can give you entire satisfaction if you place your collection in our hands and if time will permit we will refer you to plenty of collectors who have availed themselves of our services. If you wish to know how the result is of giving a fine collection in to the hands of a cheap cataloguer ask Isaac H Wood Rahway N.J. his experience, his collection was simply butchered - all his fine medals were called as 'stypes and no mention of the rarity of many others - we bought that Wood sale medals we sold inside of a month for $122. each for which he had paid us we would have at about $200 a piece out right - nearly double and where is a few cents diff. in commission to the seller. We would sell - less the sale fee early July. but would allow time for the coin to reach Europe where we have fine buyers

(3)

We have a large bill of your purchases on the way — Parcel sent 30 00 coin medals also Nativity (ancient)
It might be well to refer you to Thomas Warner Chester Steuben Co. N.Y. the owner of the first collection we sold last year and ask him how he likes our work
The catalogue with plates which we made of his sale was the finest catalogue ever issued here or abroad, so the Chester collection has shown for itself at this season sold.
We shall be pleased to have your sale and will do as we always do, exert ourselves in every way possible bring about a favorable result.
Awaiting your reply We remain

Please tell them to give place to Bourcicault
This will save you expense of exchange &c. Mr
Manj Kimball taking them over will save much
trouble and expence, but it may not make them
up more hurriedly than we had expected as we received
a telegraph from them that the Steamer sailed early 4:30 am
so had to send them off to day by special messenger in N.Y.
You will notice there is no slight difference in the
two hammers, one having the hide entirely covering
the stone on top and the other only encircles it, they
are so rare and difficult to obtain that I will be well
we think if you avail yourself of this opportunity.
Please acknowledge receipt.
Should you see Dan Rice please give him our
regards &c. We sold that pistol we got from him — your
friend cannot just recall his name shall be obliged if you
will remember us to him.

Wish to be remembered to you

Should you wish to return
any of the rings, the cheapest
way would be to send them

to be put in "Package Mail" and sent

Dear Sir.

Your letter of the 9th
inclosing stamps received for re-
ported collections and was agreat
surprise to me; for you well
well that I do not and did not
understand your giving me that
choice the trade and it does not for
it takes time to make a bargain and
the owner of the envelopes destroyed
and demanded their return; I must
by brought those stamps home in my
private collection as a courtesy to
a brother philatelist and distinctly
told you they were not for sale
to which you did; what I at last
misunderstood it to do to agree
anything for my collection and that
is to be a stamp from a collectors
collection; place it in my pocket
book & then sometime, a rather lay it on his
desk and allow him on my
word of honor as a gentleman
will return them in 60 days if he
so demands and request to, to which
I have done and yet you have refused
to return what belongs to another.
You may remember in going down the
front steps I distinctly told you I
would ~~under~~ hold the privilage of
exchanging & return in 60 days & could
not be able to upon ~~demand~~ & you
you said "upon my honor a gentleman
you shall have them if you do wish
and you can rely on that" under
which statement I allowed them
to go out of my possession but not
have not been successful and am not
likely to be I insist on their return
& exchange, when the local and 10 will
be immediately sent you.
What I said in regard to the exchange
of the red local of yours was that I
would gladly exchange the black

Gov. Lowndes the Bloods for the duplicates would make an absolute exchange of them - but as to the envelopes I may be days & days. My brother was at the door and in the office with me and heard the above conversation.

In conclusion I reiterate what I have said and demand their return and do not wish to have to appeal to Mr Bennett who introduced them.

An early reply request and awaiting which I remain

Yours truly.

Gentlemen.

The 30 pieces we sent just as received and it was the same condition it was when we sent it to England as to its being plugged we noticed that knowing on it before we sent it but examining it under a fine glass and with the naked eye we are unable to see any plug and think they are only slight knots which has been polished and do not think it is plugged. We ordered and bought it on your order and will be disappointed if you do not take it, if you wish to see it again for examination we will send it. It is very rare and a rarity could not send the Biennial for the survey as it would be to late. Per early steamer requested

Dear Sir.

Your letter 27 2/ received.

It is a very difficult matter to say what your collection would be worth without our seeing it or having a list even; two or three heads are the most common article we have to deal with sell them from 1 to 5 pc 100. When in ordinary condition of course extra fine ones command more. The tubes and any object of ornament are the most desirable. Send what you have by express and after we see them we will report. As to the time required to realize on them we could not say as that so much depends on their quality. We await your reply.

Very Truly

A. & N. Chapman.

Would like to exchange any of these with you, the latter (U.S. Carrier) for the Brooklyn City Ex. and the Boy's head on white. what say you? will also throw in the red Bloods. None of mine are an original, are but will guarantee them genuine.

I am very sorry not to have been able to take more and again to thank you for sending them here.

Dear Sir.

Your letter of to day received.
We cannot take the two pieces alluded to, out of the sale, and shall be pleased to have your bids on them. The £3. is remarkably fine and far surpasses the one in the Sheppard sale which we believe brought some £14 - this one would bring £15 or more in London sale and is worth here from £3 to £100. They are very rare - and we tried to find some in the London dealers stocks but there were not any to be had, as to the Siam piece it is also a rarity being worth from 30 to 75 £ it is the only one we have and the British Museum had never even a bad one so large

Dear Sir,

Your letter of Nov. 27th was duly received, asking us to send a large number of regular prices in our next sale for inspection.

We can't do it owing to the amount of business we have to attend to, and could not give the time to select them, make up, and reflect in return. Our conditions are absolutely decided and we will guarantee them, the genuineness and the accuracy of description.

If this practice was to become general we would have our sale scattered all all over the country, and our entire time before each sale would be occupied thereby.

We will faithfully execute any bids you would entrust to us.

Yours respectfully

A. H. & H. Chapman

P.S. Can Messrs. Clough, Phelps, & Titcomb get in Office? If not what are their present addresses, we can write to the dep. addresses.

Dear Sir.

Your favor of the 28th rec'd
We are sorry we are unable to comply with your request for some lots to be sent from the sale but they are all made up and for safe keeping we put them in the deposit company's Vault until time of sale. Both of the lots you ask about are as catalogued and we so guarantee them. if you should purchase them and do not find them so you may return them.
The 1814 cent is a very beautiful piece and the 1839 cent is just as it is described ie — of very poore condition having lost its rank — of brown color, and We have no doubt you would be pleased with both of them and shall be glad to have you send us your bids on them and the other lots.

Yours Truly

Messrs Knott & Co.

Gentlemen.

Your letter of 4th received. We have examined the $10. piece very carefully and it is not plugged, some one has polished between the stars over head and slightly under date but if you will put a pair of compasses between the stars, (from the edge.) where it would be pierced if it was pierced and you will see that they would make the hole come through faraway from the 41 to the knot of the bow and you can see there is not evidence of any plugging having also if it was plugged at 41 it would come through near the edge on obv and here again there is no sign of plugging, put a powerful glass upon it or look at it in any light and you cannot see any plug. The 41 have had a bruise and you can see under a glass that the sides of the 1 are flattened out as also the 4. There has been a slight dent just over the head between the two lower right hand points of the star, same as under the R in DOLLARS and this is probably what the person tried to make. We are confident it is not pierced and will you send us the $9. however we will leave it to your honor to send us a check for the best you can do. We will take this down to Adams & Co get them to send it over on the 11 AM train as you will probably get it tonight if so please notify.

Yours Very Respectfully
A. H. Chapman

Some years ago 1863 - 70 the medal would have sold for considerable, but at present they are almost unsaleable - the last one like yours we had sold in our sale May 14 & 15 1868 for 15. but from what Father says it was far superior to the one you possess it being as he states somewhat nicked and damaged. He would give for it about 5c

Messrs W. & Lincoln & Son,

Dear Friends,

We enclose a draft for £25.10,
in payment of the amount £25 for which you
so very kindly lent us August 17th, and we add interest
at 6% for four months.

We arrived home on September 25th after a rough
voyage; and expected and intended to have sent this
money by the last mail, but found on immense amount
of correspondence (over 300 letters by count) and business a-
waiting our attention; and among the latter several
collections, one of which we had to hasten for cash concerning
the immediate money we relied on for your payment. We very
had to hasten it & would have gone to others and we obtained
fine high rarities (among them 8 pieces of Dollars worth £16 each, 5 worth £4 6s 6d
at one third of their prices. Then, since we had two small
lots to buy which were general business made it difficult to
attend to this, but we did not forget it, and had to rely
on your indulgence and forgiveness if we delay.

626

We duly received your note of the 16th of Nov. last Saturday
(the 28th) morning too late for that weeks mail, as you may know
the mail steamers sail from New York and we have to mail
it the previous evening. The fast Cunard steamers
sailing up arrive as soon as the others leaving in the
mid the (Tuesday) of the week. But we had arranged not to
let this week pass without sending it, before the arrival of your let-
ter.

Business has been excellent with us this autumn and
we fired ourselves well to the front in this pursuit in this
country. Several of our competitors have gone out among them
J. N. Hazeltine of this city, leaving us alone here.

We have sent nine pieces to a collector in Manchester,
amounting to £27 more which he ordered when we were there,
and we directed him to send the payment to you to be placed
to our account but we will not depend upon him for this payment
and may very possibly he sends credit to us against the sums we
have to receive which we will inform you shortly, have sold only
two pieces of them. Also directed Mr. Newton and Mr. Taylor
to pay their bills of ~~[illegible]~~ about £2 5 each to you to be placed
to our credit.

Rehearsal. The one of us who went down to get the draft
to send to you was detained by a man he met, who
wanted to talk important business, until he was too
late to get the draft. He arrived at the Columbian Bank
only a few minutes after the hour but was told they had
just closed the exchange account for the day.

December 8th. We send this letter via by the "Ems" sailing to-morrow
Wednesday from New York. She is the first and fastest ship
after Saturday.

We desire to express to you our highest appreciation of your kindness, and not only in this matter, but also in your friendly expressions towards us. We thank you sincerely for the loan.

Hoping you are well we are

Yours very respectfully

P.S. You may be aware of its value or may be guided by the prices of catalogues of Woodward's sales. He always over describes and especially in cents and frequently obtains about one half the prices he would if the coins were in the conditions stated in the catalogue. We have been at a sale where he described cents, which had been cleaned in acid and rubbed with some polishing material as "uncirculated, brilliant red." C. F. Gunther Esq.

Dear Sir

Your letter of the 11th received.

We think the articles are fine and not high in price; and we made it a point to carefully consider each article and marked them at fair prices, in fact they were about what such articles sold for in the Mr Ivins sale which was a slaughter through misfortune and brought only a little of what they cost him.

The day after we sent this last lot to you, two scouts, Mr. Bigelow, called at our office and said they had come in from New York where they heard we had an Indian dress, etc., and desired to purchase; but were much disappointed when we told them we had sent the lot out and gave their address asking us to write them if they are returned. They had heard of this last lot jacket.

They told us that all such articles were almost impossible to procure, as they Indians would only deal with those

638

through necessity when drawing, or otherwise at high prices, many times that they were worth. That such items are never regularly seen at all, and, only on the occasion of grand dances do the Indians display them.

The chief with its [illegible] of the owner is a great specimen, as is also the "Sacred Pipe" which is of great rarity. This class of pipe is presented on the occasions of great ceremonies [illegible] by one tribe to another and with the highest ceremonies. We were present at the Academy a few days, when Miss Fletcher of the Peabody Institute, who has lived among the Sioux, exhibited specimens and told the Indians how they should be prepared, and gave a rehearsal of the ceremonies attended by a member of the tribe. We unfortunately missed [illegible] time on the Mississippi scale.

We have never before had opportunities of buying such articles of the Indians & it may be years before we all again.

We send the Revolutionary powder horn to-day at 30. by express.

We will review the numbers you mention, 1, 2, 3, as cheap we can sell them at these prices, 4 is reasonable, 5 is very cheap never saw one offered here before, 6 ditto, is the largest [illegible] we have ever seen and, with its stem decorated with dyed quills and [illegible] beaste, is not only not too high, but too cheap at that. It is exceedingly valuable for itself and as showing the [illegible] of the manner of mounting the stone celts. 19 is cheap at [illegible] and as for the 98 we can't see that any change of [illegible] would buy against them.

We ended drawing of a pipe.

Yours sincerely

Messrs Baugh & C.

Gentlemen.

Your favor recd.

As there were no lots in the days sale that we bid on we did not answer by telegraph. Our Woodward's eyesight is so bad that his idea of conditions and ours differ widely and that was the reason for our asking that the coin be as described, however if Messrs Cogan will kindly look at the few lots we bid on and see if they equal the description in his judgement that will be satisfactory to us and we will not hold you responsible.

Yours Very Truly.

S. V. & H. Chapman.

P.S.

If Mr Sampson leaves a small slip Yours with you please indorse it in our slip. If we did not get Nos 689, 690 please let us know what they sold for.

Charles Morris. Esq.

Dear Sir.

Your favor of 27 inclosing $76.00 discount $7.99 received and for which we are very much obliged.

As regards the two lots you speak of No 626 was purposely let go for this reason. 1st it was the same as Nos 227. 228 the former we had bought for you and in your bid letter you say 227 or 228 one or the other not both would like 227; so we truly believed we were guarding your interest and wishes (to our own loss) in not bidding for 626 supposing also that you had not noticed their being the same and that [illegible] did you said in bid letter that you did not want a duplicate. now are we right or wrong? again in regard to No 1009 we ask your pardon and acknowledge that we are wrong for we beg some unintentional oversight did not [illegible] the bid we [illegible] in entering and calling the bids it was [illegible] you would have had it and we are sorry for the error, as the piece was a fine one [illegible] sold for below [illegible] do give our bidders value for their $, even, as we buy a very

672

we can for them, guarantee every coin purchased, ship and execute their bids and it is very seldom any lot is overlooked. In nearly all the numerous letters of remittances for pieces purchased at last sale, have come expressions of pleasure and satisfaction at the coins purchased and it is very satisfying to us, for we are ever sacrificed themselves personally & financially as we do to give our customers satisfaction and beat them handily and as we would like to be treated: At our last sale we had a bid of $1.50 for a piece from one collector and had previously received an order from a very wealthy gentleman to buy it — for me! and we bought it & I sent it to the interested bidder, and it was good value for it, what other dealer would thus protect his client to his own loss?

No 638 has been classed with the "doubtful" Canadians and I believe it to have been used there, and while it has been sold (and for more dollars than $1) in a U.S. Sale under Canadian ref I cannot recall just now having ever seen it mentioned by Mr Lockhart & Logan & it may have been as I have not had time to look it up. The list as per Condar was with the tokens in her Walters coll, and the only way to identify them would be to turn to the numbers given in Condar, see his description and pick out the pieces.

Would you like us to send you a package of coins and medals for approval before you go away?

Where shall we address you a catalogue of our next sale letter post of July?

Hoping this letter will be satisfactory and wishing you Happy New Year we remain

Yours Very Respectfully

C. W. N. Chapman

Messrs Lelin & Vandenbeck

Gen Messrs,

We received your letter of the 28th of November and on the 16th of December the ship arrived. We blamed the coins and medals in a few days, but the revenue officials, who are all recently appointed from the Democratic party, endeavored to collect duty on the busts, but we blamed a new interpretation of the law from the Secretary of the Treasury, who declared that antiquities are free and are not dutiable on account of being for sale by a dealer & merchant; and on the 22d of January we received the case of marbles, which were excellently packed & were all the coins and medals.

We are exceedingly obliged to you for ascertaining the busts with which we are much pleased.

Wishing you all a happy new year & Love,

We are

Yours sincerely

Dear Sir.

Your favor of 4 enclosing $ 9 to balance a/c received, and for which we are obliged.

Our charge for catalogueing is 25% of the gross proceeds we paying all expences after the coins are placed in our hands; such as auctioneers fee, printing, postage, stationery etc, etc besides managing the sale, distributing the catalogues to customers and using our knowledge and experience in cataloguing, and really it hardly pays for the time consumed. If you decide to place your collection in our hands we will give it our best attention and do every thing in our power to make the result satisfactory to you. We have now in our hands a very large and extensive collection, the property of a Western collector, also the collections of Dr Calder N.Y. Buck & Wat the whole to be sold about March and we could if you wish include your collection in that sale or make a seperate catalogue, it however we could tell what would be the most advantageous after we have seen your collection & prices & can form you favorably, we remain Your Ob't Serv'ts S. We have been very busy since our return. Left 20-

At Nice found a great deal of business awaiting us, had to buy two collections, one of which pays handsomely. Have not had time to buy much & sell the statuettes and have them all yet, the young girl (10) is much admired. I told my friends that I thought some day girl & fell in love with in Europe, and then shown her to them. Let them in peace of duty. Thanks you for your letter & Dublin & assures us about it.

We should not laid for all our Continental purchases some weeks ago; some of the bills were of considerable amounts, containing, among other items, 1340 medals from the Exposition & 2 pictures & the statuettes.

If you have time, write us everything you know that your friends would envy us.

With very pleasant recollections of our intercourse and wishing you pardon for the delay and wishing you and your Brother a Happy & Prosperous New Year,

We are

Yours sincerely

Dear Sir

Your favor of 6 enclosing notes $80 ½ Cur
returned received and we credit you Cur 180½ - 1.95

The notes were in the envelope and we looked at them by merely opening ours and running our fingers through and did not notice the defects in them, glad you have returned them. We marked the currency as low as we can sell it and cannot make any reduction, in fact the notes are as low if not in many instances much less than they sell for at auction — as we did not charge anything for variation some of which being far more than the notes. We no doubt miscounted the number of Spinner notes we accept your correction

Dear Sir.

Your letter of 4th received,

Deer last Feb was a very unsuccessful and we had a large attendance of collectors and N.Y. dealers came over with the best books, but did not sell 100 $ Worth last one (except and received 3 orders and he sent out 50 $ on sale and received 27 orders. We are now cataloguing three collections one from a Western collector a very extensive one consisting of gold & silver coins one dale, the other two being mostly U.S. one of Jr. Calter Utica N.Y. and the other of Brick of Port, all to be in the one sale but we think your collection would make a fine sale by itself we could anything we could & improve it. Our regular charge and the one we put on all the collections above mentioned is 20% but in consideration of your efforts in our behalf in the Northumberland market we will deduct 5% and make it 20% of the gross sales charging all expenses after the goods are delivered here if accepted and you send your collection pack them up in this manner (which we have found to be the best way) take strips of strong manilla paper about 12 in wide by 20 long

Monsieur,

Mrs Henry Mickley son of the late Jos. J. Mickel Numismatist of this City has kindly sent us the catalogue you had sent for his father, as he is deceased ~~a~~ some years since in 87 we think. We are dealers in coins medals &c as the above letter head indicates, and would be pleased to open up business relations with you, we have marked the following mentioned numbers in your catalogue and if you will send them to us securely packed by ~~mail~~ registered letter post we will at once remit you the amount of bill, we were going to send a draft for the amount with order but thought it best to write first and ask you to send them as in some former instances were we have sent drafts for coins advertised in catalogues, they would have sold some of them and would only send part placing a balance of the money to our credit and it would then be some time before

Dear Sir.

Your favor of 7th ult & proof sets rec'd. Proof sets are almost unsalable at the present time and at Woodward's last sale sold as follows '66 552 complete 71 3 72 5 74 3 77 4 75 2 78 5 79 6 82 inclusive 3 ea. 83 3 75 & 25

Your 1866 set lacks the 2 cent '66 & 5 cent. which costs from 1 to 1.50 & the 1874 set is so badly burned in Cyanide that it is valueless as a proof set and would be hard to sell for 2. We will give you 40 — for the lot. We are now cataloguing a very large & fine collection to be sold in March and if you wish will put the proof set in that sale & 20% com. When you wish to dispose of your coll. or any part of it let us know and we will be pleased to buy, catalogue or sell it for you.

Thomas Cheney, Esq.

Dear Sir,

Your pleasant letter of the 21st of December was duly received; it contained $12.50 in payment of purchase at sale Dec 15th 16 for which we thank you.

We are in doubt as to whether you wish us to send a selection of coins and medals on approval, but we will, we think, venture to forward to you a few extraordinary cents and other pieces, next week; in the meantime we write in reference to the duplicates you mention. We are cataloguing a large collection for sale at auction, but it is rather deficient in the U.S. series, and if you would place your duplicates in it, it would be an excellent opportunity for their disposal; or we would make an offer and buy them.

Do you collect Saxon and Roman coins? We have many fine and rare specimens in gold silver and bronze, which we would be happy to send on approval.

Awaiting your reply, we are, very respectfully

Your favor of 12th — 1824, 31. Jan 816, rec'd.
also the second package of coins.

We would very much like to have an octagon rounded $50 gold piece in the sale and wish you would send them for that purpose and to make it so you can we will make the commission on these two pieces 10% unless they bring over $5. each, when the regular com, will be charged. We inquired at the Mint as to the gold dollars and the Supt. says he will not issue any though he has distributed some to the banks, went to see him the second time and he said he might let us have some in the future but not now. What premium will you get for 1000.? We paid $20. on the first package which we thinking excessive we asked the S.F. rate here and they replied $18. per 100 lbs & which charge on value would make the charge $16.57 and they are now investigating the matter and may refund the over charge. Your name has not been mentioned by us and we will comply with your request in this regard. As to the drawing on us for the $500. we will honor it but the usual way is to have

(2)

until 30 days after sale, you say you would draw it 60 days from the Middle of June, and from present indications we would hold the sale about that time, as we desire to give time to hear from catalogues we will send abroad. We took 2 pages in Journal of Numismatics and hope the one on your sale will meet your approval. If you do not take the Journal we will send a copy of the Jan number. Philadelphia is a better market than N.Y. and the sale will be held here, and you can rely on our doing our utmost to make it a success. In regard to the collections you speak of we will be pleased to hear from you again in regard to them.

The Collection of Minerals. Since receiving your letter and the catalogues we have given much consideration in regard to them, the largest collector in the U.S. and probably the World is an intimate friend of ours and resides in Phil.a he has spent $60,000 cash on his collection and has bought the finest things offered. We called three times to see him and only 1 day succeeded in finding him in, we spent some time in looking over the catalogue and consideration together, his views coincided with ours in the following. 1st Phila is an excellent market to offer it in. 2d It is impossible to dispose

(3)

of it as an entirety. 3rd The best way is to have it again arranged and a new catalogue more explicit than yours made and sell at Auction.
He will give us any assistance in the matter in his power and will buy through us anything he wants in it at "fair prices" which we know to mean that he is going to have it and his "fair prices" are rather different to some other persons views of the same word. Our commission will be 25% on the gross proceeds, after the goods are placed in our hands, which means that you pay freight from St Kitt's and drayage will also be charged extra. Send the collection on and I will receive our best efforts for its proving a success. Our friend said he did not think from what he could see by the catalogue that it was worth $ 1000. In packing be sure to make up very carefully in cotton and well cover all projecting points so the crystals will not get damaged and bruised a very serious matter and the disregard of which has effected and deteriorated from the value of many an otherwise valuable specimen, delicate specimens I say ought crystallized gold pack in separate small boxes in cotton and in packing up a case see to it that it is tightly packed so that nothing is going to be loose and move around, if you can procure wood hair or "Excelsior" as it is called here it will be a good

(4)

thing to pack with. Send all the Meteoric iron you can as our friend will purchase. We are acquainted with many of the principal buyers and also expect to have the Gov. agent here at sale also.

The Remains we have received are only common ones and we would only Catalogue two or three of them Seperate. One of the 1839 Dollars is only an electrotype or cast and one of the others has been plugged. If you can send any more U.S. coins do so as we should like to have this Series as good as possible. The '96 ¼ Eagle with stars is not worth $55. and we have as good a one without stars in stock @ $15. as you Rat cost $25.

We are Cataloguing as fast as possible, giving each piece its due consideration.

Mail time is up and so must close but do not think we have anything more to say but to reiterate to be careful and take time in packing up the Meteorites and give them lots of wrapping for a Nugget Specimen is little care often.

Yours Very Respectfully

Dear Sir!

Your letter of 16th rec'd.

We cannot get a Doll of CC mint beg. No 1850 $3 in stock at present. The 3d Silver of 1856 is usually and we might say always readily stocked if you return that one you may have it along with before you get a proof a one. We send herewith 1850 1/2, 1/10 & 1.35 to forgive postage. Cannot learn from "the new bronze" how many were struck in fact they seem to wish to impart as little information as necessary to Numismatists, however the mint issues of it are rare it all but the dollars and they are millions of them. As we do not register this letter please reply by return mail. No Mercer pieces in stock they are seldom seen.

Mr. Lewis Bentley

Dear Sir,

Your catalogue No 11 was received this morning, and we send at once order as per list annexed for £62.50 Lire in francs, and we enclose the equivalent in a draft for £16.2.1 on F. Montagu Handley, Rome. Our bankers kept their account in English money in Rome, & we wished have it remitted in Lire. We forgot to add the 5% commission, which, upon information of the amount of your order, we will send by postal order.

Please to send the coins by registered letter in one or more packages, and use stamps of high denominations as we desire them for an exhibition.

Your letter dated Sept 1 Naples, was duly received, and we are sorry we had not time to visit Italy, as it would have afforded us great pleasure to make personally the acquaintance of yourself and sons.

We arrived home on the 25th of September after a

a most enjoyable & time of three months and [illegible].

It was very successful in every way as to pleasure, social meeting & relatives in Great Britain, and [illegible]

The nearest place we were at to you was Martigny Switzerland, August and we longingly turned our eyes towards Italy, but had to go from there northward as soon as we could & have time to see our relatives.

One or both will visit Europe in 1887 D.V. and we will look forward to meeting you as one of the pleasures of the tour.

If any of the coins have been sold, please place the account to our credit, and we can use it for future orders.

Yours sincerely

Geo A Ritter. Esq. 1 20 6
Uniontown.
Fayette Co. Pa. Dear Sir.

Your letter of 23rd received.
From your list it is impossible for us to buy your coll.
as we must see the coins to judge of the conditions for ourselves
before we can buy and so you will find it with everyone. If
you could send the collection to us we would report to you at
once on its receipt but as to go out there for you it would
not pay us, coins are not so scarce and besides we have
as much as we can do here in our office; just received from
Germany a fine lot of pieces today. If you desire reference
write to Thos Warner Chester Station N. Y. who placed his
coll, worth $2,000 in our hands and we sold it for him. Would
you sell the scarce dates out of your lot? however it matters
but little as the entire lot is not too much to pay at once.
Therefore your list thinking you might wish to have it.
Will be glad to hear from you further. Yours truly

Please hold those not sold until you hear from us again as we will see if we cannot send some things to you so as to make us pay coming out. We secured two rare object yesterday diagrams of which you will find on back of this letter, should you wish them advise us and we will send by post Those taken (" Rotary point @ 10/ a Banner stone 10/ and a Spear head @6/ makes 22/ and which you may send Mrs Lincoln final closing up if you wish. Thomas Selway, Esq.

Dear Sir,

Your letter of the 26th was duly received.

We have made up a small package of selections from stock and have sent it to day by express, charges prepaid. They will if such pieces as a collector is not liable to parted all, or in numerable fine conditions; and new such as we thought remarkable in varied series from Greek to U.S. cents, and amount to $1179.75, and are on approval and selection.

We guarantee all the coins and medals genuine and original; and this holds good as to all objects sold by us, unless otherwise described.

We do not consider it a condescension to send pieces on approval to collectors who are responsible; and we certainly never had any doubt of your standing but only desired to know whether you would be really interested in a selection.

Now we are glad you speak out at not the precise of two pieces, and we would wish, that if anything in our dealings occurs that you do not understand, that you

will continue your frankness as it might be explainable but about this point we comprehend that you make no charge against us, and we are pleased that you give us the opportunity, when you had such a doubt of others, to inform you that we have only one price, which would be the same to a child or the richest man in the land, nor that we make no deviation therefrom. We endeavor to place our prices reasonably and correctly, and are careful that they shall not be high or above value for the conditions as they offer us a profit. In this selection the pieces are in superlatively high degree of condition and are consequently worth more than the specimens usually noted in the same grades; and we hope you will consider them to be reasonable; considering the great advance in prices asked for fine Greek, Roman, English and Foreign coins. We were both in Europe this summer for three months and know what we speak. Many of these pieces we purchase made in person and selected with great care. The European dealers were astonished at our taking the best things and not the ordinary as they expected and several expressed their astonishment at our practical knowledge that we were hooted at so many years without having great national collections to study.

We have some silver medals and a most magnificent stock of bronze medals purchased from a noted collection abroad, most all in perfect condition, which we would be happy to send on approval if you desire.

We have also a beautiful Syracuse medallion a decadrachm in exceptionally fine condition price $60 and will also send if wanted. We have a 1794 dollar fine for date but die not distinct it fine enough for you as did not induce in hardings hoping that you may find some pieces to please you. Thanking you

We are Yours Very respectfully S. H. & H. Chapman

Dear Sir.

Your letter recd and should have been answered sooner but for being very busy cataloging. No 638 was photographed and on the plate of the catalogue of the Sandham Coll, sold Jan 18-19 1884 No 73a and there placed under head of Canadian pieces, there is no doubt in my mind that it and the pieces of which your card rubbings were taken in England for circulation in Canada and by Sandham placed under his "doubtful" It must be a rarity to have been placed on his photographic plate and the one you got is the only one we ever had.

Catalogue of our next sale will not be out until next month a big sale and a big catalogue, send your address for March 10th.

Wm. J. Webster, Esq.

Dear Sir

We have received the advice of the catalogue of sale of coins and medals for the 18th of Feb. and we send below a few bids. A copy received from the Stevens since sale previously.

We intended to have balanced your account to day but if agreeable the bank we will not be opposed until the regular sale and the fact, we have given Mr. Stevens yesterday and only permitted it that time to take for shipment. [illegible]

We are sorry to say and have two collections on hand to catalogue, for auction. Cannot [illegible] successful [illegible] since Dec. last call. Auctions are [illegible] at present.

We notice Nos 5, 7, 49 of the Cardwell catalogue and remember [illegible] advise with [illegible] for yourself and [illegible] we by letter of [illegible]

not received them, when we spoke about them to you you did not remember what had become of them so if the other three all will you kindly send me to the B. M. and one to N. Lovell with our compliments. When we showed a copy at the B.M. they said that it was very fine work and they would have been pleased to procure it.

You would have cared them some fearful blunders in Anglo American medals in the Medallic Illustrations of British History, published last year.

Send bill & have them & we will without fear to ship. If you can conveniently a few pieces send by registered letter with pasteboard on the sides so they can not be felt.

We send these bids to you as we suppose on your own sale you will not charge another dealer commission, which is the custom with us; please buy as low as you can.

Yours sincerely

S. Hoe & Chapman

Dear Sir.

Yours letter rec'd.

We have called several times to see the gentleman but he is confined to his room and so ill, as to be unable to see any one but his nurse, however we sent him the pieces and your letter and left them over night - called to night and he sent down word that "The prices for the coins are absurd" and we could only sell him as he follows. If the prices were about ½ what you ask WE would consider them fair and think he would be induced to buy the lot,

Dear Sir.

We have called several times for the pattern and have failed to find same and it is needed to-day for our Mr Lois Sweet. Please see that we get them by return mail - called Tuesday and gave letter and left them over night - called Wednesday and Mr Sweet told us "he had given the pattern to Mr Lois" and we could only get them of Mr Lois. If the pattern is not found by return of mail Messrs Thompson and Thin is would be necessary to buy the set.

Dear Sir,

Your's favored letter of 10th received, also 1809 Cent in package rec'd by Mr Cleneay. We are much indebted to you for your kindness in our behalf and desire to thank you. What Mr Cleneay selected were genuine and such pieces as ~~it is~~ not always obtainable and such pieces do give far more pleasure to the true collector than inferior quality coins, and we are glad they have gone into such a magnificent collection as he must have; which we knew he had a fine collection still we were not aware of its being so extensive and valuable; How we should like to see it. As to your 1809 Cent which it is extremely fine still it is not uncirculated and in comparison to the one we have, we will take $20. and put in our next sale when if it brings over $20 we will give you the difference less 10% actual expenses, if it sell for less than $20 it is our loss; how will this suit your views?

Excuse my writing as I am in a hurry and it being 8 P.M. I must go down to tea so close with again thanking you, we remain yours truly

Dear Sir,

We thank you for your kindness in waiting, but are wished to retain as much as we thought salable, and had to defer balancing until we realized on our purchases and obtained cash which we have done successfully and are now easy in money matters.

We bought quite heavily on the Continent in all series, and in medals especially purchasing in the transaction 1340 from the largest single [illegible] in Brunswick. All have been paid for and we are absolutely out of debt.

Business is excellent with us. After sending bids last week we received your note stating that you had sent the catalogue and that the commission was 5%, and we, in the future, will pay it on your own sales if desired but here it is the custom for dealers at their own sales to execute the orders of other dealers without commission.

The coin for the Iran medals was too late. Could you obtain Nos 5 + 6 and 24 and if so at what price? What did they bring?

With our sincere regards, we are

Yours sincerely

W. T. Ready, Esq.
Dear Sir,

Your letter of Jan 21st was duly received.

We have this day included 12st for you in a draft sent to Mr J. Webster and have asked him to hand it to you, & you can kindly call and he will pay it; to cover the discount deducted on the Demetrias tetradrachma, as we are always willing to make everything in accord. We have the bills again before us and that with the Demetrias and Catana ~~is~~ not marked net

On January 18th we received your letter dated the 7th, the very day we wrote to you enclosing the draft in payment, so we were thinking of the same thing at the time, 3000 miles apart!

We were very sorry to hear that your stock of gems has been stolen, and truly sympathize with you for we know how we would feel to have the just fruits of our industry taken by thieves, who, in a moment, acquire what we have worked so hard for. We were sent the printed handbill describing them by a friend of yours and if they should ultimately

be offered here we will do all that can be done to recover them in case the parties punished.

We will be very glad to see you when you come over to our country. The best times for visitors are from the 15th of May to the middle of June, as after the 15th it becomes hot; and the best of all is from the middle of August, that is to arrive at that time, until the middle of ~~November~~ October as our fruits are then in abundance; a person may experience some warm weather but the nights are then and cool and the air is so clear and dry that we do not feel the heat as cold as you do in England when it is so damp and saturated with moisture thus forming a good conductor for either. If you do not mind the leaves being off the trees the time from the 1st of October to the 20th of December is most delightful here as we have clear bright days and moonlight and starlight nights and a great advantage to Englishmen in escaping from the weather with you at that season.

It is hard to make antique vases, statuettes go here. Perhaps if we did our business from a shop we could but we do it as Mr. Webster does as we can best serve you do not know our names only, the door bearing our Father's name and he is not in business.

We do not seem to have time to work up customers for the branch.

Everyone is now going for gaudy Byzantine effects in household decoration.

Wishing you success this year and with regards to you all from us, we are

Yours sincerely

S. Hayter Chapman

Did you buy that marble statuette of Dioscobolus or not and has cast in plaster? I would like to have a copy and am about ordering some bronzes & if you can get me one it could come out with Rheni & Hay from France.

Dear Sir,

We send enclosed the 1809 Cert invoiced 62 at 3/ and have received your draft for £30, 0, 0. We will first finds that the draft has not been received, and have your 1809 at £20. Really the letter is outwards 3/15 and we don't think it will bring that at sale—

Father desires us to convey to you his high appreciation of your remembrance of him and kind wishes.

We are glad to hear of some favorable abatement of the consumption of liquors in your city. The waste of the substance of the country in drink, per year, is enormous and it would be well indeed, if people could see the loss in this light, as well as the other evils of the indulgence in them. It would be a great benefit to many of the 40000 who are mainly supported of persons already temperate.

Yours sincerely

Thomas Cleneay, Esq.

Dear Sir,

Your letter dated the 10th was duly received, enclosing draft for $475.25, and the packet by express containing coins returned accounting to $724.50 and balancing the shipment of January 28th, and for which we thank you.

We are also obliged to you for showing the pieces to Mr. Mougey and are glad you did so as we wished Mr. Mougey could see them. We have made a bargain with him about his 1809 Cent.

The price for the 1793 Liberty Cap we regard as extremely reasonable and actually low for the coin in such beautiful preservation. It is the rarest U.S. cent, our experience as dealers enabling us to say so and that it is much rarer than 1799. We sold a wreath with large leaves and date Nov. — for $200 a few years ago, and a year ago it was just in the back of a small collection and brought $200 by fair competition; to test this we did not [illegible]

We can name every price on the bill to be reasonable

that many are less than ~~five~~ specimens have sold for at auction.

We have always endeavored to deal in the finest pieces and some have passed through our hands. No other dealer has bid as high as we have for stock and we remember one example in 1773. We bid $67.50 for the Americ in the Lot sale of John Mackenzie, & going to Mr Pamelee at the next bid at $70, and he was so effected that he let us get the 1804 for $35 and came to us after the sale and paid us $85 for it. We bid $500 for the Bracher duettom at the Buchwell sale for stock, and can not run over it.

A collector who can afford to pay for such specimens as you bought from this selection and especially the Libert Cap might not be let such an opportunity pass. We say this without bias for we have it continually proved. Coins in condition and rarity we may obtain more of, and never have it again in such condition.

It must be a deprivation of pleasure to you not to have your collection arranged in cabinets in your house.

If in your place we would take the risk of robbery. Mr Buchwell kept his in the house and adopted the plan of having his cabinets made plain and unfinished on the outside and not informing anyone but a specially intimate friend or member of the family that they were in the house, & what the cabinets contained and tho' in an accessible position in New York, he was never molested.

We are pleased that you admired the pieces.

Yours sincerely

Messieurs Rollin et Feuardent

Dear Sirs,

Your letter received. A large white life size Roman head, M.C.A.D., came in the same box with the other heads. We did not remember the lot in the garden well enough to be able to know that it was not among them, and supposed it was one of the lot: but we perfectly willingly accept your statement and enclose a postal money order for 100 francs to pay for it.

Have you any information as to where, when & how found. It appears to have been built used in building a wall since the head was broken from the statue.

When we were in Paris we bought six plates and four cups and saucers of Sèvres porcelain of Louis Philippe, from a merchant (Jules Vinaigre) in the Rue de L'Echelle beside the Hotel Binda; but we let remain two cups and saucers and we desire to ask you to do us the favour if the merchant yet has them, to buy them for us and keep them until a favorable opportunity occurs to send

608

[illegible] would we are going in Paris in 1878? We
will receive the money & you immediately upon being informed
we that you have [illegible] Items. The price was 20 f. for
[illegible] francs. The face of each cup & saucer is
decorated with the monogram L. P. the surface is blue;
they are straight not curved

As we were departing from Paris we requested a friend
Mr. Murray to leave with you for us a copy of the Legros
catalogue and if you get have it please send it by
proof.

We have not sold the heads in marble; we have
not actually endeavored to dispose of them as we are too
busy and they are good ornaments of our bureau.

Would it be more easy for you to translate our
letters if we employed French words when we know
them, though we do not know them well enough to write
the letter in French?

With our sincere regards to you all we are

Very respectfully

Mr. J. Schulman,

Dear Sir,

Your letter and package with coins and medals amounting to florins 65.60 received. We enclose draft for fl. 54.85 and retain the 1799 Dollar and the 1808 Half Dollar & await your reply.

We supposed from your catalogue being written in French and the letter f preceding the prices that they were in francs, and now you state they are in florins of which there is no mention in the catalogue. Though we are not in the Netherlands, we may say, we think, that it might be fl. and we notice it is thus on the bank-draft. The prices, if in francs, would be cheap & merchants & if in florins they are high, more than we can buy them for, elsewhere.

We value the 1799 Dollar f. d. c as it is rubbed and has some small nicks: its value is thus valued by fl. 3.40 and the 1808 Half Dollar is very [illegible] and only [illegible] the face common and [illegible] fl. 1.20 [illegible] strict to [illegible] Half Dollars are very

We will be glad to receive in the future your catalogues & descriptions of coins & medals which you think may be interesting to us, and if any specimens suit us we will order them.

Please to send a descriptive list of masonic medals referring to the numbers in Marvin or Mezdorf.

We will retain the 1799 & 1808 until we receive your reply and if our offer is not satisfactory we will return them by registered letter.

[illegible] & your kindly expressions

Dr. H. R. Stone, 2nd 6.

Dear Sir,

Your letter of the 1st received ... the exception ... originals, and ... if not ... all the medals sent you ... they were ... of this number Nos 39, 40, 41 can hardly be ... as they were really struck in gold and when not in the metal ... if you are not, if early and contemporaneous impressions, as these are, termed restrikes by numismatists; and some of the other specimens may be originals.

Jacques having been a chemist and edited a work on medical chemistry, we would suppose would be included in a collection of medical medals which would comprise not merely physicians and surgeons but men who worked in directly collateral branches to which he must be classed on account of having been formerly the above work.

Salvagno, if ... chemist and, as your date, does not really belong to the ... series, nor do we include scientists in the class and hence ... will not be placed under other heads such as Curie, Hunter, etc. of whom we have some splendid medals.

Your letter ... Thanks. Positively closed with this month

the letter M.D. and if one running across, the staff of Aesculapius behind the head, conclusively proving showing him to have been a medical doctor. The medal being omitted from a work on these medals does not prove because him not to have been a physician for the it might not have been known to the author.

The Lill medal bears on think some medical symbols but it is of small account.

The Heriots + Christ Church are are some schools but thought this might be of interest

As to sending the cards, you wrote on your first postal, "cards of druggists + c &c", and were therefore not put on "to make the list longer." We have turned over your card and it reads, "What have you for medical medals + Tokens, + druggists store cards? - + price?" We think it is unnecessary for us to say anything on this point.

As to the prices, we believe we may say we are well enough posted + check, as we have also been in Europe. We were both there for the second time last summer and examined the stocks of all the principal dealers in England, France, Switzerland, Heidelberg, Frankfort &c, and bought all the medicals they had, and returned less than fifty medals. They are scarce there and only turn up occasionally. We bought from fifteen dealers, not counting small ones, and returned less than three to each dealer on an average, none of them could have sent 1/3 as many as in this list.

We believe our prices to be reasonable and decline to make a reduction, as it is also a rule of ours to have only one price. They are at the same prices as we have sold to other "actual" collectors and many of them we can sell at once & will bring as much or more at auction.

We are in receipt of medical medals being brought in

at sales at auction and afterwards sold for less prices.

The largest sum we have sold a auction was in a special sale March 2d 61 when every lot was sold Some of the specimens in this consignment are priced at one half what they brought at that sale

Those that you have obtained for less than they bring in sales may not have been the same pieces but specimens which accidentally dropped at low prices.

The agent of the lot you speak of must have been very incompetent, as we know we can dispose of medical books and we would not have purchased them as we would have bought them and availed our customers. We had just laid out this line when we received your card, and finding you were respectable, we concluded to send it off on the spot. As far as we know, several of them have not been offered in this county, before. With the exceptions of the Smellie No 1 and the Rush No 25, they are in the finest condition.

Very truly

S. H & H. Shoemaker

We will no doubt find all of them yet so as to make the a/c's balance.
As to our saying "do the best you can" about the Jamaica drachm we meant get all we more than the $15. for if possible but really did not mean any discount on the $15. if all I recollect it aright you offered us $15. for it and it was that ain't we accepted, we really could not afford to sell it for $13.00 $20 was our price for it.
Shall we send you out a package and if so what can you most likely sell.?
Could you use a large lot of cheap Confederate bills say 20,000 or less, mostly Common issues and shinplasters.
Awaiting your reply we remain
Yours Truly
H.H. Chapman

Had you not better take those 2 bills and send postal note soon to balance up this invoice. They were cheap and will come in handy some time

Jos. McCoy Esq
Dear Sir.

Yours of 24 rec'd.

We might as well just put our answer to your letter in fact as we meant them, 1st You asked us in yours of 20 "If you have an 1835 Cent uncirculated, please send me" now we did not have an uncirculated 1835 & so thought it best to describe it first and then if it was likely to suit to send it on approval so as to save postage in case no in uncirculated condition would only do. 2nd We have not by any means intimated that we did not wish to trust you nor do we entertain any such feelings. Your party can ask every dealer in the U.S. and we doubt if he will get an 1835 & if suit him if he wants it the 25th inst, it is scarce and he will find it so. If you wish to see ours we will send it for inspection. We are at a loss to account for the trouble collectors seem to wish to make all for nothing, why not long since you just did not like coins sent on approval just because he asked it to [illegible] and now one is the other

is the other way. Another says send me a 5 for 1805 Napoleon very fine at such and such a price me do so pay 14¢ postage he keeps it a month and then returns it with an much obliged to you for sending it, we are out 14¢ time and trouble

Sorry you were disappointed, but do not let that make us the worse friends

Examine well. Yours truly

2nd 26th 6.

Messrs W. S. Lincoln & Son,

Gentlemen,

Your letter of the 27th of December, 65 was duly rec'd. We are very grateful to you for the loan of the £25 and in no way considered the 10% interest as reflecting you but as the just accretion, and you indeed, add to your kindness for we believe you did not intend it to be charged. We thank you again for your kindness.

We returned to you to-day in a registered letter the following note from bill of July 10th, in approval

The two Sicilian Customs Nos 75 which we have sent out & returned for
intended & have been billed to us unapproved, and would ask you
to accept them as returned. It leaves a small balance of £1.10.2
which please place to our credit.

Our sale of December 15th & 16th was successful, and we now
have two collections & catalogues ready, and another to purchase or sell,
the last & our sincere concern for it is the collection of our dear friend
L. E. Murray, Esq., who died last Monday, in St. Louis, of erysipelas.
You knew, we believe, acquainted with him. He was a genial
pleasant gentleman of very refined taste and true to those
whom he knew & he his friends, and we remember many a
kindly act of his towards us. The disease was started by a scratch
received in a slip on the stairs of the hotel where he was staying, and
rapidly grew worse until the end came six days afterwards. His
brother arrived there from New York just before he elapsed into unconsciousness, but he had his affairs in order, his will being in the care of
our Father.

We desire to express to you our appreciation of your kindly
acts and wishes and remain,

Yours sincerely
S. H. & H. Chapman

Dear Sir

Yours of 26th receiving 27th inst

You forgot to deduct the N.Y. Ins. the 2 dollars 245
so we enclose 27.45 the balance that last invoice.
As to the Register, we think we will have to ask the
150 it cost with 30 instead of 16. and if it had not
been for the circumstances we should have taken it at that
price had been our experience with him.
We are expecting every day getting out the catalogue
for our next sale & anything we can conveniently do
to assist you with we shall be glad to do. and cannot you get some
bids. Will try & get up a job for you in a few days.

Yours truly

Hy. Collin et Fernand

Gentlemen,

The government customs officials required us to promise to send us a certified consular invoice of the coins, medals and marbles, and we were compelled to give a bond to that effect; but each time when writing to you, we have forgotten to request it.

Therefore please to send us a copy of the invoice and go before the Consul des Etats-Unis and affirm to it and have the invoice certified, and send it to us. We will remit all fees and expenses.

~~Each~~ We sent you Nº 1 ~~of~~ of ~~separate~~ ~~invoices~~ consular ~~invoice~~ with ~~the~~ ~~shipment~~ ~~of the coins~~ ~~to be~~ ~~delivered~~ ~~to you~~ were confident you had ~~received~~ same recently

You claimed 40 pcs ~~not~~ ~~received~~ for and here ~~we~~ we find ~~the entire lot~~ in Nº 1 you classed as silver pieces "shillings" which were only base silver.

And we demand that you write us a letter ~~acknowledging~~ your error.

Please send us check for coins sent
£14.7.0 less 10% 1.47 = £13.2.8 less credit on recent sales 7% = £12.5.8 due us.

Some of the lots you question are clearly described as for instance Nº 87 Ouv Nº 321 Nº 76 Nº 322 etc. ~~etc~~

Yours Truly,
N. & N. Chapman

Rd. Just notice that in your letter of Nov 1st 65 you claim 134 pcs sent us so we just balance to 2 pieces and in that letter you also mention 40 pcs being missing.

Henry Ahlborn. Esq

Dear Sir.

At last to day we have a little spare time and have devoted it to a thorough perusal of the entire matter. We find you have undoubtedly made the mistake in not giving us credit for the (40) forty pieces of Base Silver Lot No 691 Sale May 14-15. and in which lot were placed many if not all of the pieces you could not account for except those we assign to lots 322, 323, 324, as per enclosed list. We take the number on your list 133 and are able to add up 134 to your credit, thus balancing it with over to our credit, a list of which finds herewith. You will now see that you were given full and complete credit for all and every piece sent us as we believed you were and as you have spoken to Mr Parmelee of it to our detriment we trust you will do us the justice to explain it to him and to any others who may have become acquainted with your idea. We never were more careful to keep

Dear Sir

Your favor of May 6, 16, 17 rec'd

We have sent the U.S. pcs in sale on your terms, though we would like it better if they were not placed under such high limits. Wells Fr Co through Adams Ex Co have paid us $1.40 (after our giving them several visits) rebate on box and other amt has been placed to your credit. Gold dolls cannot be had here at Mint we tried our best to get them but unless we could show to their (Asst) liking that you did not wish to make anything out of them they would not deliver, it is a long story but to us a very unfair one, what matters it to them who becomes of the pieces afterwards if they get dollar for dollar. Keep this for yourself and give us your unreserved what you can offer us. Let there is we think the only way and that is Go to your bank and get them to demand of U.S. Mint at Phila 100 (will not we think allow more at once) gold dolls and we think from our letting [illegible] certain matter you will get them. Do not let the Bank say [illegible]

Yours ffg 7 2/16-in 2.50 gold pcs and 2 crown or dollr rec'd. as to the cleaning of your pieces you have injured the Ancient coins and some of the medals considerably, & judging from the severity of the acid you must have used dilutid sulphuric acid however we have passed them as much as possible and will now have to await the judgment of would be purchasers. Draft for $3.50 collected and duly placed to your credit.

Yours letter of 2/7 inclosing silver cents 1792 rec'd and like a fancy very glad you sent it, Can you inform us anything of its previous owners as we like to keep track of them, it was just in time. Your letter of 2/11 received.
We return herewith the book belonging to you and what
remains on sale as directed. As to your collection of coins,
we think we have been unfaithfully treated by you, as you
promised to sell the collection through us and in fact
asked us about time of sale and to give you our candid
opinion as to the advisability of selling at times you spoke of,
to which we replied in all good faith, only guarding your
interests to the utter sacrifice of our own and for our honesty
see how we have been 'rewarded' and that too by a gentleman
for whom we entertained a high regard and with whom our
relations were of the most pleasant nature and all for
what cause or reason please explain. "Honesty is the best
policy" so says the old adage but in this instance it would
have been exactly the reverse, thought to have gained the collection
we would not have broken the old rule which is one we have made
in conjunction with the Golden Rule our Motto.
Awaiting your reply, we remain

Very Respectfully

Dear Sir

Upon our going to describe the Silver Centre [illegible] and giving it a closer examination we find to our sincere regret that the plug is false and has been inserted and engraved since the piece was struck it has also other points against the plug the most important being the plug is only about 2/3rds the size of the beautiful phototype illustration in Mr. [illegible] Harris Catalogue Part 3 which agree and show exactly the false plug in your specimen. This is the second piece (Silver Centre) that we have discovered the false on the plug, the other was in the Collection of Mr. Pfeiffer sold some time since by W. E. Woodward. Of course we know the cent is genuine but what a pity some person inserted the Silver centre. There not being time to have proof you before sale April 6 7 8 9. we have decided not to insert it and hold it subject to your order. Please advise by [illegible] if not the 1st proof of your coin to be [illegible]

and returns if
may check it off before sale. It would have been
better had it been sent with the coins and each lot
checked when sold.

N.B. The Vapor tetradrachm is a counterfeit and we have so described it and even in this case you may reclaim the cost from the party you purchased it from, if it was guaranteed and he is responsible.

If you can do so, refer to us and we will take it back at any time you call out; and we will return it or deliver to whom you direct.

If it is the same execution as several others of Kennedy & Bentinck Alexander tetradrachm, Alexandria mint, that we bought & have come from a certain German dealer in New York. He calls them high cuts (a term for complete fabrication) at $1.50 @ 2 when genuine in the same cuts they would sell for $100 @ 150

Mr. Guido Sambon,

Dear Sir,

We were very much astonished to receive your letter of the 17th of February, yesterday notifying us that the bank draft had not been paid on account of the banker at Rome not having been informed by the Columbian Bank here, and we at once went to the bank when we were told that they had received a letter from their Italian agent, Mr. Handley five days previously, and had immediately written to him directing him to pay the check and all costs of protest &c. The bank officials apologized and explained that they had omitted to advise their agent; and also offered to cable an order but we relieved them from so doing - Please inform us if all the coins are not paid.

We received your letter of the 3rd and await the arrival of the coins. We highly appreciate your honorable conduct in reference to the Nos 38, 617, 618 and 623. We send the order by the first post after the receipt of the catalogues. Regretting that you were given this above annoyance, we are, Dear Sir, Yours truly,

Mr Verity. Esq.

Dear Sir

We return herewith the Jas I 30/ piece, have you not made a mistake in the specimens sent, this no if your memory serves us right this is the specimen you asked about 2/6 ea, the one you asked us £12 for was a gem being perfectly uncirculated. We have a very fine set of maundy money Charles II by Simon, but left. also a very fine Wm & Mary maundy set what are they worth to you. also what is a very fine Geo III 1/2 crown, roses in angles. Will advise you soon about the Cromwell and have put the £3 in our next sale April 6-9. and will reply as soon as sale is over. As to War medals we can use many but they must be cheap as high priced ones unless something remarkably are slow sale; We were offered as many as we could use in Dublin @ 6/6 & 7/6 each in lots of course they were generally un-clasp and of the later campaigns however this is an advantage to the collector being well supplied with the commoner ones however we will buy in large lots if price is right 5/6 ea, and generally prefer those with clasp and ribbon. If you see any such lots buy and advise us.

Our next sale will take place April 6 to 9 and contains some fine English and medals and coins, we expect to forward a catalogue shortly by mail. Sat. Steamer and shall be pleased to receive all the bids you can send.

We have another collection to catalogue and sell by auction in about 2 months, and are very busy.

With best regards we remain

Yours truly,

Dear Sir,

We received a note from your letter dated the 28th of February enclosing lots 88, 163, & 169, amounting with commission to £8. 2. 9, and we at once procured a P.O. order for £5-6-9 & balance and send it herewith, the A/c standing as below, as Mr. Newton informs that he has paid into your hands on our A/c as requested £2 16-

Cr. for Wm. Newton — 2 16-
P.O. order & balance — £5 6-9

We will catch the fast steamer "Alaska" sailing to-morrow from New York and this letter will probably in London Wednesday 17th and you will receive it the first delivery on Thu 18th. Your letter by the postmarks arrived in Philadelphia P.O. on Saturday evening. We take some interest in the time record of the mails. We sent draft & balance & registered letter separately on the 15th of Feb. & it ought to have arrived by the time you wrote. We kept as many as we thought we could use of the lot and have yet the Rhodes, Salvarsan. We regret to

the sale did not realize as well as you expected as we wish you every success and remember your polite conduct towards us.

It is very difficult for us to list in an English sale an account of the very brief descriptions and lack of statement of condition. We think if you hold with the sale will equal bids to use your discretion, so as not to raise lots more than five for a few shillings. Send us a priced catalogue without reserves or fancy ruling, as they are too costly à la Sotheby, & inform us of the price & we will remit.

We are pleased with the coins, with the exceptions of the Judaea sets, the Vespasian is false & cast weighing 10 grs. less than a Vespasianus of similar execution, in stock, & less than the Vespasianus Judaea which is much worked. The Titus is shown on both sides several bubble holes, and we enclose it for your inspection. The Nerva is the finest portrait we have seen of him for his coins are usually miserably executed.

Yours sincerely

Dr. Sir [illegible]

We beg to acknowledge your reply on the 17th inst. to our letter of February 23rd enclosing check for $105.75 in full payment for the medals as per our invoice of the 18th inst., but were interrupted by many customers coming in and had to lay it aside, & consequently by pressure of business, and we now begin again.

We thank you for the remittance and for your complimentary expressions and are glad we satisfied you in the private matter.

We have studied our profession beyond the requirements as a business and have an interest in it and in it above the pecuniary returns. We may therefore mistake once in a long profession, and do not profess infallibility from our decisions without even a look in the book and we decided one white crow if it be the last ten years. We take great care that all statements as to the authenticity are correct and whenever a doubt arises in relation to any piece we communicate it to our customers [illegible]

[illegible] the medal in A. P. Smith's sale 5 days H. C. F. is in N. Y. after giving it his statement maybe correct, but we have found both of them medallic and it is like the old story of the pot calling the kettle black for Smith in a sale cat. about June 1882 described the paint reproduction (which is so marked and lettered) of the diplomatic medal as if original and genuine without mentioning its true character, and in fact advising a comparison with the original in the Bushnell collection; and some unfortunate bought it for many times the paint price.

...y medals in this service which can be determined ...
...are two, the Jewish Med No 6, the obv from the original die & the rev from a newer reverse die, and the Hosack Med, No 10 we included in the nine, but we had described it as a reproduction varied from the original. The Baglioni and Malpighius may be restrikes but it is very difficult to decide. Nos 39 & 41 we consider originals as per our statement in letter of Feb 20, the last is the Schaffhausen which is a cast in type metal, as described, but we have never seen a struck or other specimen. All the others are originals

Of the list we are unaware of the following having been offered in this country before, Schaffhausen No 31, Nos 4, 16, 19, 22 & 23, 28 ... 34, 37 & 38.

2.

As stated previously, they have been collected from very numerous sources and we would be unable to give the present ownerships. Numismatists care very little about the history of a specimen, unless in peculiar, important instances, and judge and value each piece on and for itself

Frankly, we must decline to give the names of other collectors, as it is one of the points which gives our business.

But if you desire to know whether any specific medal was in collections we are acquainted with or other obtainable information, we would be happy to do anything in our power to inform you. We do not know of works particularly describing medical medals but if we meet with one we will remember your inquiry.

Respectfully yours,
S. H. & H. Chapman

Scott Stamp & Coin Co.

Gentlemen.

We consulted Mr Low when in N. York on Tuesday and find (as we thought) that you misunderstood the position he took in regard to the catalogues. What he maintained and had the controversy with Scott Smith was the placing of the addresses on the catalogues & he (Low) said upon our telling him what you said about no name at all appearing on the catalogue "Why it is absurd to say no name of the cataloguer is to appear for if it is left off the sale would bear anonymous use and the name of the cataloguer and guarantor must appear so that realizers may know how to gauge the descriptions", this is precisely the position we have taken for 6 years past and opposed the placing of advertisements on the catalogues by Messrs Scott & Woodward for years, we never placed an advertisement on any of our catalogues, and do on next (ready Tuesday) our name appears thus, on Title-"Catalogued by S H & H Chapman" and we sign the Preface and in which is

[illegible]

the genuine & spurious. Our address does not appear in any form or place and the catalogue is like the last in every respect and to which Gen Scott raised no objections, we cannot have our name entirely off the catalogue nor do we think you would ask it if you look at it in the proper light.

Your catalogues have been sent out to our bidders and some orders received, and they would have been sent as readily distributed had your name as Catalogues not printed.

Both Messrs Thompson and Low distribute them with their (the usual) forms and we desire to know by telegraph if you will have them out if we send you 50. more

If space permits we intend to place a notice requesting subscriptions to be sent Jeremiah Colburn for the American Journal of Numismatics. Have you any objections to it appearing in there for you if so we will leave it out of there.

Awaiting your telegram, we remain

Dear Sir.

Yours of 7th rec'd but we have been so closely occupied that it had been laid aside day after day hoping to obtain time to write. We would be perfectly willing to return them to you if your Mr. party will still hold to his bargain - & offer rather as we cannot see it in them and in fact at 45 either but it is a small difference (but a hard one to make up on that class of pieces) and we enclose check for 45 as you wished.

Catalogues of your large sale April 6, 7, 8, 9 will be ready Thursday and we will be pleased to have your bids entered and which shall be faithfully executed. Whenever we distribute catalogues of N.Y. sales we attend them in person Mr H & Co goes to N.Y. to morrow to attend Scott's twenty fifth sale a lot of rich materials and pay expenses but we send out the cats, enter bids and go to protect them without.

Yours truly

important specimens which you do not include in list, Nos 39 Hep IV £25, 45 - Antigonus £50 & 1 Lysimachus, 45 Vienna £30 etc marked at priciely London & French prices, no 40 was billed to us £10 - with a small discount off -

We examined all the stocks in England, France and Frankfurt, and know we sell as low as a collector could import them -

Please to return them as soon as possible as we wish to have them back in stock if not sold for fresh invoices are efficient & prices and the prices are steadily advancing in Europe.

Our Baltz probably suggests your have a 5% commission & either to Hess if money

Mr. H. G. Dawson,

Dear Sir,

Your letter of the 22nd received.

We decline to make any reduction of our prices as we have but one price; and the prices will not bear it. They are carefully marked and your customer is mistaken in supposing them high as compared with European prices, and we think, we may say we know whereof we speak, as we were in Europe for three months last summer for the second time, and also receive European catalogues. Many of the prices are priced at exactly the same values as abroad; take for instance the first piece you desire Wood 29 - they are at England and France [illegible]

On the 12th Nov 17th we sent you coins from our a/c of 15-16 amounting to £26.05 interest @ 6% 3 months 40/- = 26.45 due us and we must demand immediate payment, coins from us as soon as cash and we have paid for them long ago. If this bill is not paid by return of mail it will seriously impair your credit with coin dealers in the U.S. we have politely asked for payment over and over again to all of which no satisfaction is given not even a reply, and if this request is not complied with we will communicate to your references, in fact the whole matter is a mystery to us as we understand Moorhead Bros & Co to be a large house and one of excellent standing.

Dear Sir.

Your letter of 11 ult. rec'd.

We will return to you tomorrow the Naxos tetradrachm and Silver Centre Cent. We hope you will let the secret of that wonderful cleaning compound die with that man and for coins sake we hope he will die before there is another coin injured by it; as to the pieces never tarnishing again we have evidences that in this he is mistaken for some of your pieces are again taking color much to our gratification. Cannot get any gold dollr. Minerals are not yet repaired and we suppose are blocked in Nes by the coal strike, have made arrangements as to room for display etc, etc.

We send this mail a catalogue with the lots belonging to you marked thus . There are also some few pieces left out (in a large lot like this quite often the case) also some few of the lots had more pieces in them than mentioned in cat. which you will find corrected.

However we trust you will find all correct and be

Dear Sir

Yours of 23 rec'd. and contents noted, also the letter you send we return thinking you may want it.

We guarantee genuine all coins sold by us and a cast denarius could not pass us. We are perfectly willing to send you parties any guarantee in our power but of course must again see the coins in question so please have A.B. Criswold & Co send them by registered mail with stamps for return post and we will examine them & see how they came from us? however we will know when we see them. One great mistake jewelers make in selling ancient coins is that they frequently place them in very strong acid and clean them also the silver in the coin being in many cases dissipated and lost it turns out in fact not to be the impression they presented when first purchased as a false piece. We have sent you a catalogue of our sales & will be much pleased to receive your bids, also our Stock is now very fine and we would be glad to send you anything you may desire. Awaiting your reply we remain Yours truly

We have a collection of U.S. Coins in hand to be sold at auction in May and could put your pieces in it and an excellent opportunity it would be; our charge would be 20 p. of the proceeds we paying all expenses after they are received. Our lowest rate for general collections is 25 p. You may put any limit you please on them but whether sold or not our commission would be the same as the expenses would be incurred.

If satisfactory send them on at once as we are about going the rounds.

3rd 27th 6.

Mr. James H. Taylor,

On looking over unanswered letters we find one to day, from you dated May 26th 1885, which we never replied to, as we were occupied at the time of its receipt with another sale, and preparing to go to Europe as we were to sail two weeks afterwards; and we did not return until September 25th, since which time we have been exceedingly busy, and ask your pardon for this for these reasons.

The lots 145, Petinax denarius, and 148, Caracalla 113, have remained in your envelope, but we credit them to you on account of so long time having elapsed and you desiring it; although this is outside of all precedent as auction sales are absolute, and prices can only be returned to agent we not living up to statement of credibility &c. The auctioneers fees, printing, are incurred, and the seller is deprived of the sale to other bidders.

They amounted to with com. $9.07 and each 6. refused = $54.37 leaving 25¢ to your credit. We have sent a catalogue of our sale on April 6 of 1886.

We thank you for the offer of the book of Thomas Chapman but he was not a relative and we have no interest in.

Yours respectfully S. H. & H. Chapman

Dear Sir

We are in receipt of your favor of the 25th ult. enclosing draft for $2,000 at 2 years credit. We have sent a collection of our note to Phila & Exp Co.

Yours truly

D. P. Nichols. Esq

Dear Sir.

The pieces we did not purchase for you in May Sale of 16-17 were not up to the description, the 1804 cent being only fair: the 1855 P was by mistake sent to another bidder and we have been awaiting its return, the cause of the delay in answering your letters. We sent a priced catalogue of sale price 50.

As to the selling of your collection - you are just in time for we have the Collection of Dr M.R. Carson of Canandaigua in hand and are cataloging it and could place your collection in this sale to take place in May. Our charge is 25% of the proceeds we paying all expenses after the coins are placed in our hands, on the collection in our sale next Month 6-7 months 20% and it contains an unusually large proportion of heavy gold and silver coins & medals, but collectors see the extra labor we expend on our catalogues and by giving full descriptions get better prices. If you conclude to send Collection please ship it at your earliest convenience & do not omit to get it arranged, you need not send a list as we like to check it off.

Yours truly S H & H Chase

Dear Sir

Your esteemed letter and bids came safely to hand. Thanks. Some of your bids will we fear fail to secure the pieces and we have taken the liberty of appending herewith about what we think they are likely to sell for and shall be pleased to have you increase.

We send by this mail a copy of the catalogue with prices annexed in at about what we think the various lots will sell for, giving the lowest and the highest. Never before has such a series of Napoleons been offered and they are almost with out exception in the finest possible condition. The prices we have quoted are in many

instances less than they have sold for by auction. If you have a catalogue of our big Warner Coll. sale examine it and send your highest limit and we will do our best for you but our regular charge for purchasing is 10% of the price for amount bought and by our careful and honest manner of buying we earn it and we could cite numerous instances where it would have well paid the purchaser if he had employed an expert to do his bidding. Priced catalogue will be sent as soon as possible after sale. We have Crosby "Early Coins of America" in sheets @ $7.50 pub @ $12. and bound in ½ morocco $10. both new. ½ calf would probably cost $3 to $4 more and to this we can have it bound in any style desired by some of the best book binders in the Country.

We shall be much pleased to receive your bids on the medals and coins in this sale and if being such a remarkably fine one presents an opportunity seldom offered we think you will be pleased with the prices and prices too.

Very Respectfully
S. H. & H. Chapman

Thomas Bliss, Esq.

Dear Sir,

About two weeks ago we sent to you a copy of the catalogue of a collection catalogued by us to be sold next week, and we take the liberty of writing to you to call your attention to some of the series, and to ask you to favour us with your orders, which would be faithfully executed, without any bias on account of the sale being managed by us as has been feared by many collectors.

It affords an unusual opportunity in the series of silver medals, for which you inquired, and between pages 83 and 94 are many rare, fine and historical medals of great interest.

The collection of Napoleon I medals is nearly complete and the finest and most extensive ever offered in this country.

Among the coins mentioned remarks 282 Gold Davic, the Gold Coins of the Ashanti China series in gold and silver 671 to 688, Cambodia 690-1, [illegible] Siccas 440-41, 1843 Pattern 1 £3 piece, No. 1721. The Gold pieces, & medals 1825 1830, Foreign silver coins £ 109 to 116, silver medals £ 117-8. &c &c.

Awaiting your considered terms we are, Dear Sir, Very Respectfully

Dear Sir.

We have in stock an 1802 ½ dime & offer you a bargain @ $50. The date is perfect and the coin [illegible] quite satisfactory, there are 3 dents on the throat and the piece being slightly bent and [illegible] one of the dies behind bust to be worn off; the rev. is not so well preserved, being considerably worn off. We enclose the best rubbing & circle make of it and if you think there will be a chance of [illegible] buying it we will send on approval.

We shall be pleased to receive your bids for our sale next week. Please advise us about the 1802 ½ dime by return mail as you are the first person to whom we offer it.

Yours Very Respectfully

Dear Sir

The bills have arrived and they fill a large trunk so hesitate sending it for would for cost of transportation desiring a more decisive understanding. The owner writes us and we quote the following from his letter. "I kindly ask you to be very, very careful in the way you handle those bills for they was a great deal of labor expended in putting them in shape, so please see that the different kinds are kept seperate. If the party does not want them as a lot for cash & if they are to be returned at once, will not take a "bite" less. My object in sending you the Co[illegible] denote Album containing original samples of the lot was" is to show you I do not hold any back or pick any out and that I send them just about as received them, this album I would like to keep for myself. If party does not buy willingly don't waste much time with him & if he don't want the lot he is not to touch a single bill & if he buys it [illegible] Considering the imperfectness of this letter we think it advisable to only send the book of samples and his list giving the number of each denomination (which please return with the album) and then if you are prepared to pay down the $91.74 less 10% discount = $82.57 and will take them as per samples, the matter can be closed upon receipt of the money.

Please examine the samples and report at once. From looking at samples and bills above & as the samples were a very fair representation of the lot and give you a good idea of them.

Have been expecting to hear from you for a week past.

Very Respectfully

Dear Sir.

Your esteemed favor of 25th with bills for sale and draft for $30. also favor of 4th with draft for $30. duly received and for which we are very much obliged. This leaves $123 to your credit.

We send herewith Coins purchased about 6 p. also pkgs for Mr Wright and Mr Skinner which please hand them and you can pay the express charges.

No 2144 Sold for 80 more than we thought it was worth.

2148 " " 60 " all it was worth " "

2192 " " 40 " " " " " "

2241 " " 265 " " " " " "

2277 " " 225 " " " " " "

We very much desire to (and have given our promise) balance up all pkgs to owners on this sale within the usual 33 days and will be very much pleased if you will remit the full amount of bill inside 30 days for date of sale. As to the copy of Numisma we will hunt up what number it was and try to get one, the editor of Numisma and Woodward are much addicted to writing just such articles as the one on you and they ought to be shown up - California Style as you term it. The article was entirely uncalled for under the circumstances and Woodward could be held under heavy suit for damages, he is an unprincipled rascal doing all the harm he knows how to any one of whom he is jealous.

Thanking you for your bids we remain

Yours Very Truly.

Mrs M. Parkhill.

Dear Madam.

Your letter of 10th and pkg of coins received. We have given them a careful examination and find 20 cent pieces in cents or ½ cents all of which with one exception (1872 cent) are in very poor or ordinary condition, the 1793 being very poor and of little use. in the Silver the 1852 ½ dollar is sadly damaged by a large letter being cut into it. Our best offer on the lot is $10.- cash. Many of the coins in fact a large proportion are in such inferior condition as not be worth any premium. As to the cents & ½ cents you speak of as being valuable we think you must make some mistake there being no rare pieces among them. The Collection will be kept entire of course until we hear from you again.

Very Truly
W. H. Chapman.

Dear Sir,

Your letter dated March 30th, post-marked April 6th received on the 9th, enclosing £22.22 and mine returned accounting for £47.05 received. You do not account for the 27 Barrels (4) 2.35 and 32 pounds H Plantation Juice c. 50 which leaves a discrepancy in that consignment of £2.57

Your cane in sale brought £14.27 less 2.57 = 10.70 less £2.57 minus 1st by credit = £8.14 £ yr credit.

We send as per bill cane bots which we had purchased at the same price as yours bills amounting to, with commission, £22.45/100 less cr. £8.14 leaving £14.31/100 due which please remit promptly as you were too tardy last time, and we will forgive you.

Yours truly

T. Dohrmann Esq.

Dear Sir,

We sent to you yesterday an account of your sales on the sale Nº 6-7, inserted, and added up, in a catalogue and found they amounted to $2085.19, to which the following, omitted in checking, are to be added

		2085.19
No 995, ~~997~~		.75
997 ? are you certain about this?		1.—
1509		18.—
1510	(2321 to tulip at us)	1.10
2321		$2106.14

This does not include Nos 1532, 1533 which we withdrew and will return: but contains nos 780 c$24, 787 c$75 & 788 c$5 on which we will not charge commission.

In making up your account we consider the sales have done well. We did our best for it, bid as very low, pushed them as far as possible and sold for a total of $4228, bought $2500 of which $706 was on orders, and your

2106.19
134
4497.32
581.93
$7250

$74 as above, leaving over $1500 for me which we judge fully $1000 is of your pieces. Also, since the sale, Europe on bids have arrived, and in every instance when we had bought the pieces we have advanced the prices credited, to those of the bids, and also a city order, and delivered them at these prices, — for instance No 781 was sold for $11.50, raised to $15, 783 sold for $5.50 increased to $8., etc —

We had a large attendance throughout and better than in New York. Messrs. Low, and Scott & Co of New York, and Major C.P. Nichols of Springfield, Mass. were present, and the Simpson head side attended to by another Philadelphia dealer

Your pieces had been much injured by the cleaning and scouring to which they had been subjected, which were a severe test to have decomposed and eroded the surface of the metals. We received a long dissertation from one of the best collectors of coins in this country complaining bitterly of the destruction of the surfaces, which were marred by the sharp effects and minute strokes of the scratches from brushes on the specimens we bought for him.

In reference to your letter of March 26th. 1552 was correct at sale. Nos 1570+1575 are fakes undoubtedly as they are cast and the originals are struck. 1532 is a miserable copy in no way equalling an original. 1533 is a fine cast reproduction and you have destroyed all tone of the metal. 210, 242, 243 we protested as ordered, 210 bringing a good price we let go, and 242+243 had to buy in your account. The only Russia, cable price we received from you was in lot 159 they were not misrepresented, (we had one in a sale not long ago). The rough cast copies of Italian medals of the 15th century are in lot 2365 at 10/ each and were purchased by us, and should you wish them you may have them.

Please to return the account catalogue, as it was examined for at least as long as was in our hands by the 6th of May, and we will again send it to you with the statement and check to balance, on time —

Do not send any more minerals until we call here then, as I dream more than the two lots.

Hoping our efforts will prove satisfactory, we are

Yours sincerely

S. H. & H. Chapman

Dear Sir.

Your favor of 15 inclosing the Receipt for 506 rec'd Thanks. We to the 12. lot we paid 18 cash for them ourselves including as we wrote you two additional crows, and when you offered 16 we told you we could not accept but upon reaching home found those others and then wrote that we thought we would be able to accept - however we wish to do as always everything that is fair and also wish you to try & meet us what say you to divide it and make it 17? No 18 & 19 such in stock thoughts we have others viz. it is excessively rare such and we think you will not be able to procure. Your letter of 17 inclosing 50 rec'd Thanks. We to 2077 you bid 100 as per letter. Sorry as it is a mistake as you did in room. 2183 is we think fine and cheap enough & by the way they are going up. We buy to give you to gain and send herewith a lot of Hides cases sent to 1795 amongst which also negro fair to 125 to you 125

Meaning we think you cannot, but will as possible will offer.

Send copy with cut edges. and please see that the plates are good for in some we have seen and had the plates were very faint and in one instance that of the Mass Shilling almost illegible.

By giving this order your immediate attention you will oblige

Are you interested in any coins now?

Dear Sir.

Yours of 11th inst being Retd Cash $6.37 in rec'd thanks. No 1962 being fully equal to the description and at price it usually costs in Europe, so we see no reason why we should take it back, merely because of your mistake we having lost its sale, (95 was bid for it the room) have paid auctioneers fee, printing etc, etc, so please send rec the $110. We think your bid of $100 would not have secured it had it been a 5 Franc piece.

Very Respectfully.

Warren Lee Esq
Dear Sir.
June 9th 1856.

We have just made a rubbing of the '96 p/r and send it herewith, it is an excellent representation of the piece and in replying say if you take it or not, as it fully comes up to the rubbing. $55. nett postage extra. Do not want to trade any near but as it cost us $52.50 can you think $2.50 to meet profit, if so we do not and will not take less. Do not forget that on '96 p/s it is like 1856 nickels a $46 p/r sell is good and the usual profit.
can by return mail

Dear Sir.

Yours 6th and sample last rec'd rec'd.
We would buy from the sample if we were the purchaser and it was perfectly right to do so from them. The express charge on trunk returning party was 75¢ and with the 80 (we believe this was the amt) for its coming to make $1.55 does us which please remit as we are out have labour time and a great deal of trouble in the matter. The bills were just the same as the samples and we cannot see why you did not buy after all the assurances given. It would be safe to say that 2/3 of the wholesale business of the World is transacted by samples. Awaiting the remittance

to Dear Sir Mr. Hall since I
received your letter, but will
do so by the next mail. I
am very much obliged to you
for your kind exertions in

Dear Sir. Yours Truly

Your letter of 20th Inst with 163/4 rets. Received and we credit you as follows: The Coins rets do not agree with the lots you mentioned as having taken

The returning of 2099 and 2183 is not satisfactory and we hold them for your disposal. Your clearly bid on 2099 and 2183 is fine as described and on which your bid 15. we buying it for 9 or about 60% ~~less than~~ of the amount bid; we have paid the auctioneer his fee and would be out that and cost of printing let alone the cost of the pieces, which we think you can easily place in

Dear Sir

Yours of 24th with check $9.29 rec'd. Thanks.

Where do you get a make it $.98 instead of $2, the price of the book is $2.50 25% off = $2. So you owe us 98¢, the 1/3 of was 825 — divide and split the difference between that and $2.00 and if that is not 8.07 what is, it is a very small matter but it was only just to keep to agreement and keep books straight. We only have 5 copies of the "Copper Coins" left and cannot sell less than $2 nett, we pay express charge. How about the Japanese piece @ 1.25 we have you at Auction room.? We credit your sale of 4/6 with 12¢ for 639 rec'd. If it was bought by you for "Ontario"

How much do we owe you for the priced cat. Mailed out? When do you expect to hold your next Sale? and, as we wish to please ours.

Dear Sir.
Yours of 19th recd.

Mr Warner does not express in his letter that he desires
Preference the Carrara medals so we have no option in the matter
and from what he says think that he keeps them.

We have only 1 Galba 1st Br. and it is illustrated as Plate VII
Warner could supply which Mr Warner will show you.
№195 Price 7/6 Shall we send it to you on approval, or will
a 2nd Br. do. No coin of Caligula in stock. or Obs. Siam
bullet money we have a Tical weighing about 60 in bullion
price 1/6 and 7 Ticals 8/ Would you like us to send a
small selection of Roman coins on approval? and if so
give us some idea of those desired. Will send any of
those above mentioned on approval.

Mr Rutherford wrote us but he wanted 300 more
less for the pair and we considering that figure too
high did not order it or. Thanks for giving him our name.

Henry Ahlborn Esq
Dear Sir.

Yours of 23rd rec'd.

You do not throw any light upon the matter and unless you send us a complete and legible list of those (all) sent us so we can check off piece for piece we will not further consider the matter as we verily believe we have given due credit for every piece sent us and it is only through the incompleteness and obscurity of the descriptions in your list that you have thought some were still unaccounted for and as we said above if you do not send a list of every piece soon forever hold your peace.

Why do you withhold this and do not even allude to the suit against us $14.05 - please remit by return mail as we desire to balance those transactions on our books.

We have some rarities in Greek silver and gold but withhold sending them until we know and have the above matter closed and in all fairness does it seem to be done speedily.

Very Respectfully

Dear Sir.

Your favors with 1801 Eagle 3750. Cent-
ing 2 ℔ @ 4 = 4.50 recd. Thanks.
As to the lot you dislike it is a small matter, but if
either have to or ought to "try to please" we think it is you as
did in the first place, however we will take them back @ 15 p
reduction ℔ 1. You do not think much of your excuse would
have felt like keeping more but felt sorry about your treat-
ment". You cannot truly say we have not treated you
fairly" in this matter for we bought as low as we could at
sale, your bids being 150 on ℔ dollar bought @ 105 and 15 on
1793 cent bought @ ?. I think you must have written
that letter in haste and did not give much thought to
its contents. The 1851 ℔'s have not come to hand, let us kn
how many you have with price. The amount 750 as you
on that Confederate money transaction party refuses to pay
while lot was not sent him, but as he did not answer our pos
about each dozen of letter and seemed
were afraid to trust him. No 1362 all in

M. Giulio Lunelli,

Dear Sir,

We received on Thursday last, the 22nd, the lots stated below from your catalogue No 11, per Baldwin's Express. They have been a very long time on the way, as it is three months since we sent the order. When were they delivered by the Express Co. and do you know why it has taken so long a time for their transit?

though it may be too late for reclamations, we ask you to again examine them that you may see that our claim is well founded. They are Nos. 29 & 30. This pièce style et flan irregulier, 30 c 8 "more belle", mais pâle; 210 c 2, piece laken out of centre and replaced, worthless; 211 c 2 est pâle, 220 c 5 pâle et mauvais flatine; 247 c 10 c Très belle flatine et conservation C' f. figure of [illegible] is destroyed by corrosion, defect which we would consider necessary & mention in our catalogue, 629 is an 1852 not an 1825 cent and is very common, e.s., total 58 lire.

No 227, 1825 cent has been cleaned in acid which removes the original surface and color and is considered in this country by experts coins.

If too great a length of time has elapsed since the date to reclaim these pieces, please return them, if you can by post in the same manner, but if not passed by the postal officials, keep them until a future time when more may be sent.

Coins amounting to 78.50 have not been received, though in your first letter you stated you would send all. We regret we did not receive 1857 Lustra. If N 1266 70. is not sold send it to us.

We were glad to receive the Athenic catalogue with plates, and if it had arrived in time, we would have sent bids.

In the future, send us the catalogues you publish with plates, which contain Greek or Roman statuettes, marbles, antiquities and coins.

We have five (5) Tanagra statuettes at present, two of them very fine, one in particular of a Venus or young girl in chiton with cloak thrown back, viewing herself in a mirror, the silver of the flesh, eyebrow remaining.

We believe we have previously referred you to Messieurs W.S. Lincoln & Son and Wm. Webster 26 Bedford Square, London who will answer any inquiries and who have sent us thousands of lire of coins at one shipment, on approval and selection. We are aware Mr. Webster senior is dead but his son Wm. J. Webster continues the business.

We have not received any bill or statement of the above coins.

Yours sincerely,

L. H. & H. Chapman

This shows a balance still in our favor 4/29 which please send in stamps so we can balance it in full. Whenever your party returns and you wish any coins let us know.

Dear Sir

At sale 6-9 you bid $280 on 1765 which sold for $4. we have just received a beauty which had been out on approval and send it herewith @ $4.25

As we do not register it please acknowledge receipt as soon as you get it. Such superb specimens are not often met with now.

Your bid of 280 if shd sold at that figure it would have cost $2.80 per $100

Dear Sir.

Your returned favor of. 20th inclosing $29.36 rec'd. Thanks.

The return you last herewith with prices we will buy checked , as to the cents only and those of real numismatic value, send by post as it is cheaper. register (3¢ also?)

As to 1804 1799 ¢ in sale Dec 15-16 on which you bid $15. and which sold for $11. we will explain; 1st we had an unlimited order to "buy it" and not considering your bid as it would have made only the other party pay more we bought it for him at the highest bid in room, as if any one else had bid $15.50 we would have your $16. for him and you would not have got it. Anyway, this is a rule we made years ago and have always found it to work very satisfactory to the bidder, of course it would have put more money in our pocket to have just said $16. to clear your bid as is often done by others. There is a second 1799 ¢ in the Carson sale we will hold next month and you can have

It is quite probable that no 1869 C was in set, some now send one complete set. The 1865 nickel cent is a pattern their issue ceasing with 1864 so think you can substitute as one being in set sold. Dear Sir.

Your letter of the 8th was duly received as we must ask your pardon for the seeming neglect; caused by our being very closely occupied sending off the coins from Lot 6 and preparing and arranging manuscript for our next sale in May. As regards the catalogues of our various sales we will be happy to sell you a complete set; marking in the prices realized for 5 per 100 lots which is really a moderate charge; several of the sales have printed price lists and have also embellished with phototype plates of the finest and most rare coins thus enabling collectors to detect fabrications & many rarities We have issued about 12 or 15 catalogues; among which are those of the Bushnell and Warner collections the two finest yet issued. We have a large fine and carefully selected stock of coins and medals both ancient and modern and will be pleased to have a list of those you lack & wish to purchase, so that we may send a selection on approval. Also extensive library of numismatic works &c.

Awaiting an early reply, we remain Yours Very Respectfully

Lyman H. Low, Esq.

Dear Sir,

Your letter of the 6th received. You seem to have taken the meaning of our telegram in a wrong light, and in a needlessly unfriendly manner. It was not simply in an endeavor to arrange the dates of the sales, and, if it suited you, to give you the advantage of going ahead of us. Our customers have a big sale on the preceding Tuesday, and to go back to the succeeding week would have put it too far off. As it was only two days previously that you had informed us as to the date, and we were unaware that you had already published and sent your catalogues to Europe, we could not know that it was irrevocable.

It is quite a surprise that you have issued your catalogues for European collectors and have not sent us a few for foreign distribution, as it is in violation of the agreement between dealers that we should deliver our catalogues to each other so that all could send them out simul-

S. S. Emerson Esq

Dear Sir,

We received one of the pieces of [illegible] and have sold it. They are all [illegible] and command good prices.

Could probably sell the 00's for 55 and 60 each. You might let us know what is the lowest you would take for and we will see what we can do. Will send [illegible] next week in a few days. Send all the [illegible]

haneously: and as you are aware we have a large connection abroad. We could probably share [illegible] with you. How you sent catalogues to distant collectors in the United States?

Please to send us 75 copies and we will distribute them. Could you not send 8 customers more than 40 of our catalogues? It will be a sale entirely of coins of the United States, just the class of pieces that are now selling well. We suppose your sale is the collection of Mexican coins and medals of W. J. Howard Esq. of which you spoke to us.

Yours truly
S. H. & H. Chapman

N.B. The days we have decided on are Thursday and Friday, the 27th & 28th instants. The printing of the catalogues will be completed to-morrow, bound on Monday, and they will be sent to the New York dealers, early, on Tuesday.

Leo. Thomas Spooner.

Dear Sir.

Your letter of the 7 received.

We do not publish a catalogue of rare coins and their values, but do have priced catalogues of our various sales by auction in which some of the rarest American coins have been offered. If you desire some of these we can sell them to you at from $1 to $10 per 100 lbs. Them again some of them are illustrated with beautiful photype plates of the rarest pieces.

We have in stock one of Morgans original design 1878 dollars, proof very slightly haguarded $1. It differs from the adopted die in having three leaves under each wing ~~⁂~~ instead of as present ~~⁂~~. They are extremely rare but very few being issued.

Are you a regular collector, if so please let us know if you would like a catalogue of our next sale on the 24 & 28 of this month, catalogue ready ~~Wednesday~~ We have a fine stock just now and would be pleased to receive a list of your wants. Yours truly S. H. & H. Chapman

Gentlemen

We gave our check No 8444 to Merchants Nat Bank of this City to day (3 30 PM) in payment of draft for $1600 and which draft we find is not endorsed so we hereby command you to please withhold payment of said check for $1600 pending proper endorsement and further notice from us.

Dear Sir

In putting your case into the envelope to-day we discovered that we have left out of the catalogue your series of English silver coins. We had arranged them in one of the drawers of your smaller cabinet and in going down it while cataloguing suppose we skipped this drawer. We are very sorry. It is the first time that we have made such an error.

We will buy them and allow you full price

We enclose detailed estimate which amounts to £39.13 and if satisfactory we will credit it to you

We sent you a few copies of the catalogue last week and hope it is satisfactory. We gave the two Grave a full description to make them go well if possible 1/100.

Please give us regards to Mr Carson and the Misses Carson. We think the sale will sell well. We did not send any cat. to Bates Bennett as we have not heard from him for some time. If you think he is yet interested you might give him a call.

Yours sincerely

Dear Sir.

On May 5 we forwarded by American Express Co to your address Lee Centre Pa. the coin purchased for you and on your bids at sale of April 6 – 7, and we now receive notice that you have not taken said lot from the Ex. Co.

It is a small account and we wish you would pay it immediately and oblige us thereby.

We have done everything in our power to do business with you and we must say it does seem to be a very difficult job to get any kind of satisfaction. You asked us to send you a silver coin like nothing else and we did so but you do not make payment even though it is so small an amt and thus let your credit suffer severely.

By giving this matter your attention you will oblige

Yours Truly

5th 1844 6

Dear Sir,

We duly received your telegraphic notice and advice by letter, of your draft upon us for $1600, in favor of Kittle & Co of New York; and on Saturday the 15th it arrived and we at once paid it. A few minutes afterwards we discovered Kittle & Co had made a precious error. They had not endorsed it, and it had to be returned & them for signature through their bank here, who held the money & protected us.

Neither member of our firm was in at the time the notice was received 2.50 P.M. having gone out at 2.10 P.M. and left a filled up check in the hands of our assistant, who at once went to our bank, had it certified and then went to Merchants who held it, and paid without receiving the premium which would not have passed for an old instrument with either firm.

In the future, we would prefer, if you wish to make payments, that you would direct us by letter to pay it to [illegible] and then we will make it in time.

Mr. Mr. Cleveland, Mrs. Mrs. Mrs.

ase purchased a 10 in New York sale (lettered edge) for .60 & sold for a $1., recently. We have no knowledge of any outside of Kie eje 32, Longe.

Your reference to Prossard sale of specimen coins makes us smile at the ease with which persons who are not thoroughly posted may mislead themselves in thinking values of heavy amounts, for great rarities, are high prices.

His coins sold so close to European cost price that he made very little if any profit and we heard he bought the largest part so that it is impossible to say if they were sold We know exactly what all these pieces are worth as we were in Europe last year and many sold below the prices then later 283 $12, half value, we in our sale May 1485 brought $26, 289, 294 are low so is 295 whilst 301 is a slaughter $1,50 its European price being $45 304, 5, 6 are too low as 308, 9, 310, 11, 12, are at real price so 355, 373, 374 are low 407 is a slaughter, 415 very low

We have received the second lot of minuals. We have got all laid out in tables in our 4th story room first and will begin cataloguing this week. Will have the finest collection in the country examine them & assure ~~Harold~~ ~~Who~~ We will assist in every way. We will do all we can for them. Have sent circulars in all sale catalogues.

Yours sincerely

Dear Sir

We attended the sale in New York yesterday and bought the following lots for you, but as our sale is so near thought it best not to send them until we can send whatever you buy at that sale with them, thus saving express charges.

F. L. Joseph, Esq.

Dear Sir,

Your letter of the 18th asking the probable cost of a collection of U.S. dollars, halves and quarters in fine as possible, but of which they can be got and uncirculated when there are no proofs, was duly received.

It is almost impossible to give a precise answer to such a question. In the first place it may be entirely useless as your friend may be unaware of the approximate value of such a collection would be with about $200. without the 1804 dollar, the last sale of a specimen fetched realizing $1000, in our sale, before we went to Europe, just a year ago. Of two of the dates no uncirculated specimen is known while there are say six other pieces of which are cost in the condition $100 to $200 each but are obtainable in fine condition for $5. to $10.

A collection containing pieces in uncirculated or proof condition with the very rare dates in good to fine state and with some of the latter worth $50 to $100 each, would be worth

1872

about $1400. without the 1804 dollar.

No dealer has a complete series on hand, and we would only make a contract allowing a year for its fulfillment and with guarantee for its faithful performance. We would not make an estimate without some assurance that the party was willing and able to purchase a collection of the value above named.

Sometimes we are able to fill such an order at once, and could have done so with only about three exceptions a few months ago. No lists, printed, are of any value in estimating such a collection. We do not publish any as there are always unsatisfactory fine & rare pieces as they are too rare to be really priced in a commercial manner.

There is a unusually fine 1799 Cent in the Carson sale, on the 27th and 28th and of this which we sent you catalogue in case you have not received it we copy the description, No. 410 1799 Very good. The date particularly strong, both of the 9's with hands Very rare". It is a very satisfactory specimen and is worth from $20 to $25. There are some Canadian, Nos 5 23 25 in

Dear Doctor,

We now have the coins all in their envelopes and the only three pieces missed are

Lot of Two cent Pieces good & much. 40 Rs.

" One " " Proof 15 "

which we will sell at term of sale and will do equally well; also the old medical seal.

We have the dollar coins of 1851, 2, 3, 4, 5. which we purposely did not put in as they would not have realized the face value and we credit them.

As to the three pieces you miss, you would probably find them if you would examine the catalogue more closely, the two instances you mention as Colegrove medal and one shilling are lot 932, and the Persian are plainly on 40.

Yours sincerely

A. Dohrmann, Esq.

Dear Sir,

Your letter of the 15th received. A letter from us of the same date answering and covering all the points of inquiry in former ~~and~~ letters and many of those in the present one, has probably reached you at the same time. There has been no carelessness or conscious lack of courtesy in our part, but as we had received your telegram certifying us that you had drawn upon us for $1,600, which was more than account due, we felt that you would receive your payment at the time, and, as we were very busy, we waited await its arrival before sending statement and then notify you of the payment and forward final statement at the same time. When it was delayed three days by the bad error of Kittel & Co. as we did not wish to give you any anxiety about their mistake by informing you of it, until it was rectified.

We are entering wood every morning & keep up our correspondence. At the time of the settlement we

2

were working arranging the minerals so as to be able to send out some announcement with our catalogue of the Larsen collection. If you did not draw on us we have seen our check so that you would have had it 33 days after sale as agreed.

We find the collection of minerals is too large to get up the catalogue and allow thirty days between publication and the day of sale, to hold the sale before summer and it had better be postponed until Autumn. The catalogue you sent is not complete enough nor sufficiently correct to work by, and we will have to prepare an entirely new catalogue. Your catalogue gives no idea to collectors of the character of the specimens. The lack of all arrangement in it has bothered us exceedingly whilst trying to get the pieces into some order. When you had them laid out with labels under each why did you not arrange, catalogue and re-number them in some order?

The gentleman who has the finest collection in this country and who is a friend of mine, called to see yours yesterday. He has paid as high as £1000 for one crystal. We told him you valued the collection at £10000 and he at once said, 'it is not worth anything like it, that £3000 to £4000 would cover it;' and after making a hurried estimate of the gold specimens said 'they are worth about £1500' and are fine and some of them beautiful.'

We wish you would inform us of the ~~for~~ cost of the important specimens before the sale such as the fine crystallized gold with quartz, and the piece 55 dots shaped like a rattlesnake's ~~tail~~ tail.

We ~~shall~~ would be very glad to have you present at the sale, as you could see for yourself how things would go.

If you wish it you may have it

Yours respectfully

giving the screw fair room to do its work without drawing the water against itself as it does by the present system. I need not enlarge to a gentleman of your experience on this point. so will devote it to giving further information on the new arrangement. these rudders are plates of best Iron say 4 x 8 feet hung at facing forward. the after ends are attached to a 3 inch piston working in a finely turned cylinder and worked back and forth by suitable chains and wheel taking greatly less power than the old rudder. when in they lie flush to side of ship and give no obstruction and the one in use is ex-

actly on by the keel of the under and above the plate that a free current is formed, which prevents the water following after. it cannot be carried away by any sea and obviates all the old dangers. they are placed about 4 feet below the water line. & chains are all enclosed.

On a test with a model 2½ lbs on which are two batteries working a screw propeller circle 6½ feet she made 26 laps in 30 Minutes with the old fashioned rudder. but on with withdrawing the rudder and substituting the side rudders and exchanging the batteries. she made 40 laps

Harry was so glad to have all anxiety off his mind, and to be with you, that he was in exuberant spirits; and he is very warm hearted, and I think you were utterly mistaken in taking up his remarks as you did.

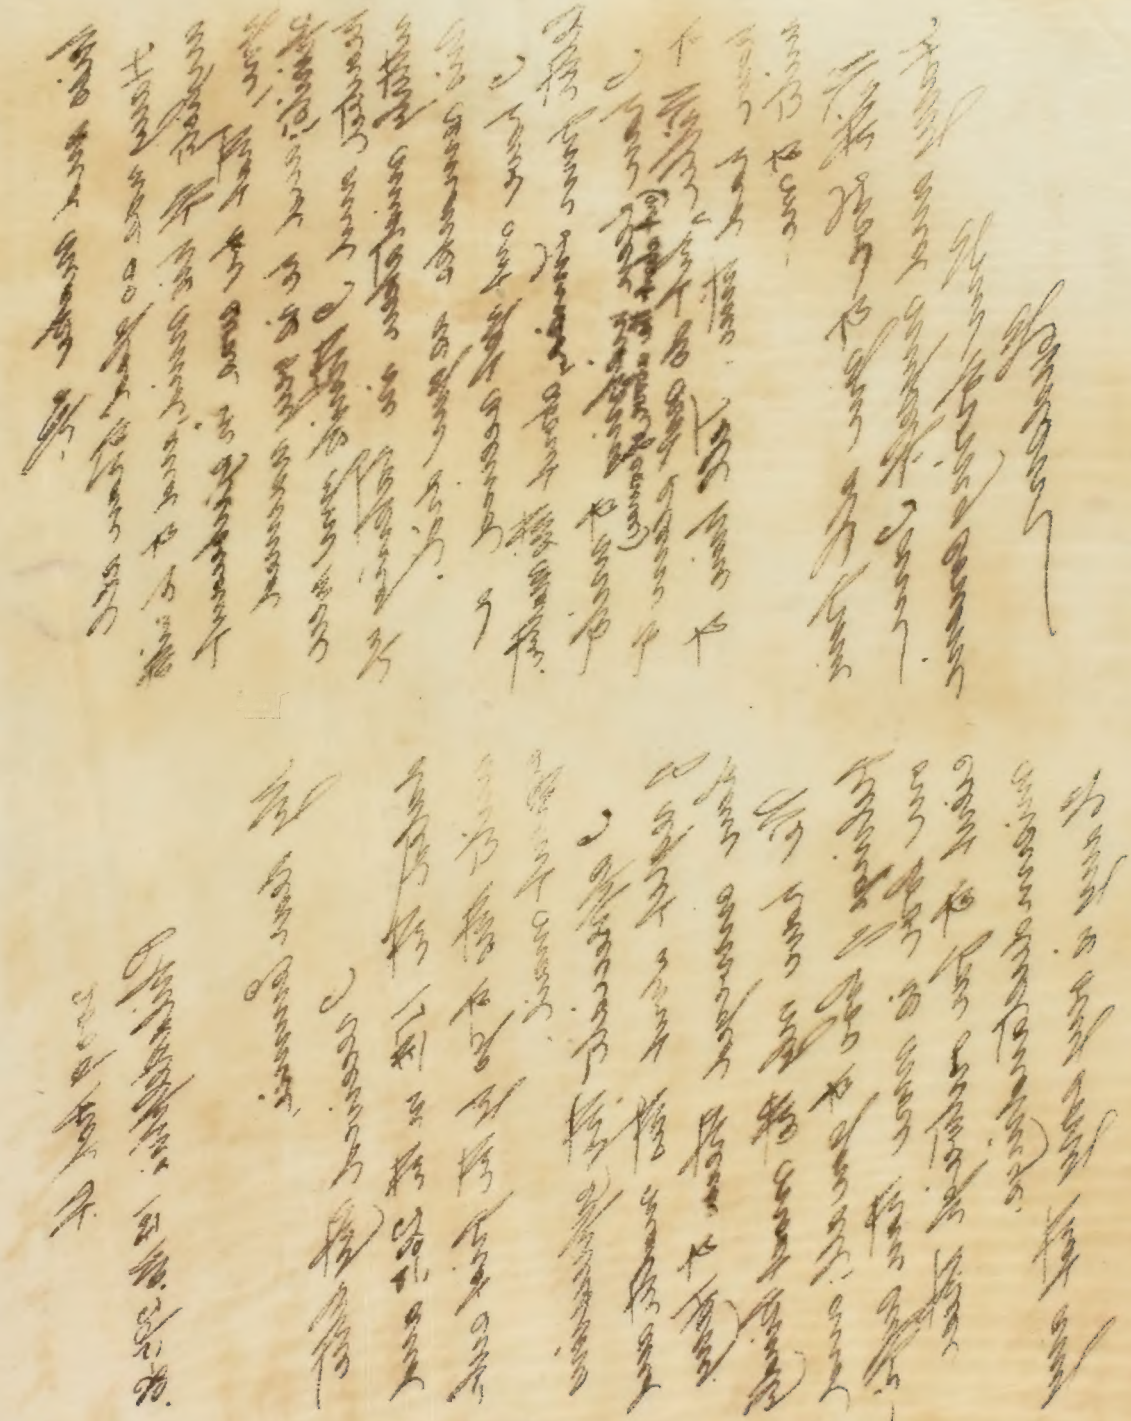
My dear Cousin,

I received thy letter dated the 15th in the 26th and wish this to go by the first subsequent mail.

I appreciate thy expressions of regret about this matter and have conveyed them to Harry.

We have only the most kindly feelings of love to you all; and our love is more than sufficient to far outweigh these misunderstandings.

Harry is very sorry that any



criticisms if he should have hurt your feelings. He did not try to turn down things and had not the slightest intention of doing so.

You mention a new point that he expressed no opinion to you, it may have been done without thought of offending but it was none the less there. You sounds that he seemed to imply that the comparison was not so favorable in our side.

"Now then is not one thing above another that I would annoy one more than to have my Brothers misunderstood, for although they are not naturally so gabbling as you may have been used to, still they are the best hearted, Brothers, that I know of, so that you will pardon me if I was hasty in taking up what Harry said."

Here at least you are utterly mistaken, for we can not remember the slightest thing you have said since that we made invidious comparisons of your dear ones with ours; and are amazed that you even allude to your Brothers, for we delighted with them, and truly so expressed ourselves, and we felt towards them as if they were our Brothers and loved that we had such cousins.

We are gratefully willing to guarantee them kind hearted and loving, in both uncle and single homes. Then, Emmie lets

Friend -

Seeing by this days Ledger, that a Site & Buildings are wanted for a Soldiers & Sailors home - and my friend the Owner being absent from the City - I offer his property for the purpose, it is admirable situated for the purpose, being between two lines of R.R.s - 20 minutes or 25 from Broad St & Ninth & Green. Elevation is high, and drainage cannot be better. It is situated on Indian Queen Lane 5 minutes walk from Queen Lane station, & 10 fm 15 min from Penn. & Germantown Branch Queen St station - It Contains 22 acres - with fine old Mansion 56 x 56 - Stable & Coach house, Kitchen Garden &c - adjoins a piece of Woods and has Woods on part of ground. More land can be had either side - Will lease on long Lease, and if long lease is taken will erect buildings you want on a plan that

taken in discharging the grains which is being accomplished while the forgoing is going on and with the aid of 2 Centrifugals I could discharge a tub of 240 Bushels in one hour. Thus as you can see the interval between each Brewing would be brought to a Minimum. Also if the Cooling of the Worts is wanted the Machines are ready for the operation which with plans I have can be accomplished at a wonderful saving from present Methods.

I think that if how this done, they Brewers ought to be willing to give the refuse grains to the Poor for their Remuneration.

I would like to meet a party of you or large Brewers to be held do as I suggested to you when in the city.

Yours respectfully
